TREASURY DEPARTMENT, OFFICE OF THE SECRETARY.

Washington, D. C., June 24, 1902.

OFFICIAL DISTRIBUTION OF VANDEGRIFT'S UNITED STATES TARIFF, 1897.

This edition of "VANDEGRIFT'S UNITED STATES TARIFF, 1897," revised to July 1, 1902, is distributed for the use and convenience of officers of the customs.

The compilation of the law of 1897, and decisions thereunder, and the schedule of duties therein, revised to July 1, 1902, while believed to be generally correct, are not declared by authority of the Department, but may be consulted with advantage in the consideration of tariff matters.

H. A. TAYLOR,
Acting Secretary.

The Treasury Department has supplied the Custom Houses of the United States, and the State Department has supplied the American Consuls throughout the world with copies of Vandegrift's Tariff.

PREFACE,

Again we present an edition of Tariff Schedules, this time under the Act of 1897, and we have endeavored to give the most complete list of commercial articles by trade names ever published, and, while no pains have been spared to secure accuracy in the table of rates, errors of judgment may have occurred and ions which may be reached by the Customs Authorities.

As our schedules are largely based upon decisions of the Courts, the General Appraisers and the Treasury Department, we cannot believe that any material changes will occur.

We refer each article to the paragraph of the law under which we have classified it for duty, so that those who wish may draw their own conclusions.

We also give a full list of articles on which rates of drawback have been fixed by the Secretary of the Treasury as provided by law.

 We believe this work (while very compact) the most reliable authority on the matters contained therein ever presented to the public.

SPECIAL RATES

FOR

HEAVY SHIPMENTS

To or from Europe and other Foreign Countries

Will be quoted by this Company on receipt of the information designated below:

1. Number of pieces. 2. Kind of goods. 3. Total number of cubic feet, exactly or approximately. 4. Total weight, exactly or approximately. 5. Whether by fast or slow steamer. 6. Destination of shipment. 7. Date goods are to be shipped. 8. Amount of Marine Insurance, if wanted. 9. Whether charges are to be prepaid or collect.

CUBIC MEASUREMENT. To ascertain the exact cubical measurement of an article, multiply the length by the width and the product thus obtained by the height, reducing such measurement to inches. Example: A box 2 feet 4 inches long, 3 feet 8 inches wide and I foot 7 inches high (reduced to inches) is figured as follows: 2' 4'' or 28'' multiplied by 3' 8'' or 44'' is 1,232 inches, multiplied again by 1' 7'' or 19'' gives 23,408 cubic inches, which when divided by the number of cubic inches in 1 cubic foot, or 1,728, gives 13,944—1,738 cubic feet. Charge for 14 cubic feet.

In ascertaining cubical measurement of boxes, etc., of irregular shapes, or those having projecting parts, it is the rule of the Steamship Companies to exact measurements of the largest side. When measurements, as made by shippers or agents, do not agree with those made by

Steamship Companies, the latter will prevail.

THROUGH NEGOTIABLE BILLS OF LADING for banking purposes are issued by us for HEAYY GOODS to all foreign places, with or without Marine Insurance.

RATES ON BONDS, PRECIOUS STONES, Etc., quoted on application.

DRAYAGE. We attend to all kinds of cartage work. Packages called for and delivered from railroad stations, steamship piers, warehouses, etc., in any quantity and on every class of merchandise at the customary rates charged by truckmen generally.

CUSTOM HOUSE ENTRIES promptly attended to on all import shipments.

PROTESTS.

Rates of duty are frequently exacted by Collectors in liquidations of entries on duty of merchandise, which the owners or importers of the merchandise consider erroneous. We make a specialty of these cases, and if there appears to be a good claim we carry the matter before the Board of General Appraisers, and if necessary appeal to the Courts. We make no charge unless successful in obtaining a refund of excessive duties.

ADVANCED VALUES.

Invoice values are advanced by the Appraiser when they are below wholesale market price at the time of shipment. Importers may appeal to a General Appraiser, and if dissatisfied with this decision, to a board of three General Appraisers. We represent the importer in such cases, and present his claims.

DUTIES.

By communicating with us in advance, importers can arrange for the payment of duties at any of the ports of entry in the United States or in the Dominion of Canada.

When goods are consigned to us for importers located at places which are not ports of entry, duty will be paid by us at port of arrival and charged forward against the goods.

Goods may be warehoused or forwarded in bond, without payment of duties, either to interior port or export port.

Goods warehoused in United States must have duty paid or exported within three years from date of arrival. Either the whole shipment or any number of packages, but nothing less than a package can be withdrawn at one time.

FORWARDING

We receive and deliver according to instructions goods for import or Export, but we never purchase for our own account or receive on consignment for sale.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

GENERAL INSTRUCTIONS

For Shipments to the United States

- 1. Each package must be fully addressed or have a shipping mark, and the name of the country of origin.
- 2. Every package for delivery at an interior city must be marked "in bond to " (Here give name of city.)
- 3. Make out four invoices if goods are for an interior port; If for a seaboard port, three copies will suffice; if valued over one hundred dollars, have same certified by United States Consul. If under one hundred dollars, the invoice need not be certified. Mail two copies to F. B. Vandegrift & Co., New York.
- 4. Instruct forwarding agent at point of shipment to consign goods to F. B. Vandegrift & Co., and mail them bill of lading by steamer not later than the one carrying the goods.
- 5. If goods are for an interior port see that the bill of lading is made out F. B. Vandegrift & Co., New York, in bond to (Here give name of city.)
- 6. If invoice and bill of lading do not reach F. B. Vandegrift & Co., New York, by the time the goods do, expensive general order charges may be incurred.

⁽Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

To test the general accuracy of these gauges, frequent actual measurements should be made at the different ports. Actual gauge, however, will be allowed only when applied for prior to delivery of the merchandis, or when the customs officers shall ascertain that the average gauge differs from the actual gauge. The Department's circular of April 7, 1876, relating to the average gauge of pertain bettles, is hereby revoked.

DRAWBACK.

Drawback is a refund upon the exportation of imported merchandise, of the duties which have been paid thereon.

There are two kinds of drawback; 1st, that allowed upon imported goods exported in original packages; 2d, that allowed upon imported material used in this country in the manufacture of articles exported.

First. Drawback upon merchandise exported in customs custody relates to articles on which duty has been paid, remaining continuously in customs custody and exported directly therefrom, within three years from the date of importation. They are entitled to return duties, less one per centum, providing the duty paid was an amount of fifty dollars at least; and providing the articles are exported in the original casks, cases, chests, boxes, trunks or other packages in which they were imported. R. S. 2977, 3016.

Second. Articles manufactured in this country and exported, made wholly or in part of imported material, are entitled on exportation to a drawback equal to the amount of duty paid on the imported material used in the manufacture, less one per cent.

In order that a proper rate of drawback may be established by the Secretary of the Treasury, application should be made before exportation of the goods so that the quantity of imported material used in the manufacture of the article to be exported may be ascertained and the rate prescribed by the Secretary of the Treasury.

WE MAKE A SPECIALTY OF THIS WORK.

⁽Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

DRAWBACK.

Schedule of Articles entitled to drawback on exportation under the provisions of section 30, act of July 24, 1897, with rules and rates for determining quantities of imported materials used in the manufacture of such article, and for ascertaining the amount of drawback to be paid thereon.

Aerial and underground telephone cable, and of pipes or sleeves used as coverings of the cable joints, manufactured by the Standard Underground Cable Company, of New York. N. Y., wholly from imported lead, or lead mixed with a small percentage of tin, extended to cover similar manufactures by said company at its branch works in Perth Amboy, N. J. T. D. 22826.

The drawback entry must show the number and size of cartridges and other packages contained in each shipping case, the trade names or marks by which the several forms and grades of the explosives are designated, the quantity of each kind and grade, and the percentage of nitroglycerin contained in each

grade, respectively.

The weights of the several kinds of uniform packages shown by the drawback entry shall be tested by a United States weigher when ordered by the collector, and on order of the collector, samples shall be taken for analysis and verification of the statements contained in the entry as to the percentage of nitroglycerin contained in the several kinds and grades of the exported article.

The samples shall be taken by an officer specially designated by the collector for that purpose, who shall take the same under instructions from the Government chemist by whom such samples are to be analyzed, as to manner of taking the same and the quantities to be taken. Before the liquidation of any such drawback entry, there must be filed with the collector at the port of exportation, a sworn formula or statement by the proprietor and foreman of the factory where the explosives were made, showing the percentages of nitroglycerin used in the manufacture of the several brands or grades of explosives made in such factory for exportation, and no drawback shall be allowed on any excess over the quantity shown in the manufacturer's formula so filed, without special instructions from the Department.

When the glycerin used has been refined from imported crude glycerin, the quantity of crude glycerin so used shall be deter-

Lard compound, manufactured from imported oleostearin and domestic cotton seed oil, or from imported oleostearin and domestic cotton seed oil and lard; base allowance on quantity of such oleostearin used, to be determined under the following instructions:

Before allowance of drawback, the exporter must file with the collector of customs at the port from which the exportation is to be made, a sworn statement made by the manufacturer, showing the place, processes, and conditions of manufacture, and mode of packing for export, and also the formula, showing the materials and the proportions thereof entering into the manufacture of the compound, which statement shall be verified by the collector.

The collector with whom such manufacturer's statement was first filed shall furnish certified copies thereof on request of collectors at other ports from which exportations are made.

The entry for inspection and lading must show, separately, marks, numbers, and gross and net weights of packages, or must be accompanied by a certified invoice giving such particulars. Weights must be marked on packages and verified by a United States weigher by test of packages designated by the collector.

The quantity or percentage of oleostearin in the exported article must be shown by the manufacturer's declaration on the drawback entry, which declaration must be verified by official expert analysis of samples taken by the inspecting officer as ordered by the collector.

Quantity of oleostearin which may be taken as basis of liquidation shall in no case exceed quantity shown by formula filed,

⁽Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

manufacturer's declaration on entry, or that found by official analysis. Manufacturer's declaration on entry must show that the exported article was made in accordance with sworn formula filed with collector.

Linen netting, manufactured by H. & G. W. Lord, of Boston, Mass., wholly from imported linen gilling twine; allow under

T. D. 12267.

Linoleum, manufactured on an imported burlap "foundation": base allowance on quantity of burlap so used, equal to surface

measurement of the exported article.

Linseed oil. T. D. 22405.

Linseed oil and linseed oil cake, the oil being expressed from seed imported under the tariff act of August 28, 1894, and the oil cake being composed of the solid substance of such seed the refuse matter in the seed and a small percentage of oil not recoverable, the parts of the seed and the refuse being separated by the processes of crushing, steaming, and pressing; base allowance on quantities and values of materials used in the manufacture of the respective products, to be ascertained under the following instructions:

⁽Note.-Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

The manufacturer's and exporter's declarations on the drawback entry shall show the cost of the seed used per bushel of 56 pounds, and the wholesale market values of the oil per gallon of 73 pounds, and of the oil cake per ton of 2,000 pounds, at the place of manufacture at the time of exportation; which declared cost and values shall be verified by the collector with whom the entry is lodged.

Nineteen and ninety-one hundredths pounds (2.654 gallons) of oil and 35.87 pounds of oil cake being the ascertained average product of 1 bushel (56 pounds) seed, such quantities, togethem with the cost and values above specified, shall be used as indicated in the following proportions, for the purpose of fixing

the rate of drawback on each kind of product.

First, from the declared and verified values of oil and cake products and from the known quantities above noted, find the values of such products from 56 pounds seed.

To find the rate of drawback on oil, per gallon, say-

Duty on material for oil in 56 pounds seed, divided by 2.654. } = { Duty paid on material for one gallon oil. } = { Rate of Drawback per gallon.

To find rate of drawback on oil cake per 100 pounds, say-

Value of 56 pounds }: { Value of material for cake in 56 pounds seed. }: { Duty on 56 pounds seed a 20 cents. }: { Duty on material for cake in 56 pounds seed. }: { Duty on material for cake in 56 pounds seed.

35.87 pounds. : { 100 pounds. { :: { Duty on material for 35.87 pounds of oil cake. } : { Rate of drawback on too pounds of oil cake.

In case the dutiable quantity of imported seed used was ascertained on liquidation of the import entry, by deducting from the weight of the seed in condition as imported, an allowance for "draff" on account of dirt or other refuse matter therein, the rate of duty paid on such seed per bushel of 56 pounds may be determined by deducting from the tariff rate of 20 cents per bushel a percentage thereof corresponding to the percentage of weight allowance for draff; and the rates of allowance of drawback on the oil and oil cake products of such seed used without previous winnowing or cleaning may be found by substituting and using the duty rate found by such deduction (per bushel of 56 pounds) in place of the 20-cent duty rate used in the foregoing proportions and formulas.

Samples shall be taken as ordered by the collector, and quantities shall be ascertained by official weighing or gauging, as the

case may require.

⁽Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

When such oil is weighed, the number of gallons shall be determined by allowing 71 pounds of oil per gallon.

Linseed oil and linseed-oil cake. T. D. 19323.

Liquid anhydrous ammonia, manufactured wholly from imported sulphate of ammonia; base allowance on quantity of such material used, to be determined by allowing 4 pounds of sulphate of ammonia for each pound of the exported article.

Liquid peptonoids, liquid peptonoids and iron, and liquid peptonoids with coca, manufactured by the Arlington Chemical Co., of Yonkers, N. Y., in part from imported alcohol: allow under

T. D. 17727.

Litharge and red lead, manufactured from imported lead; base allowance on quantity of such material used. The entry under which the merchandise is to be inspected and laden must show, separately, the number and the gross and net weights of each of the various sizes of packages in which the articles are, respectively, packed for shipment; and the manufacturer's declaration on the drawback entry must show the quantities and percentages of metallic lead contained in the exported articles, which declaration shall be verified by the report of a United states weigher, and by analysis to be made by a Government chemist, of samples taken by the inspecting officer, as ordered by the collector.

Lithographic tin plates, manufactured by S. A. Illsley & Co., of Brooklyn, N. Y., from imported tin plates; allow under T. D.

9782.

Locomotive and other steam boilers, manufactured wholly or in part from imported boiler plates, brass and copper boiler tubes, etc.; base allowance on quantities of imported materials

used, under the following instructions:

The drawback entry under which the boilers are to be inspected and laden must show the kind and description of boiler, giving dimensions of the same; also the number, size, shape, and gauge of the various parts made from imported materials on which drawback of duties is claimed. Such entry must be accompanied by a draft or diagram of the boiler, illustrating the description given in the entry by showing the measurements, number, and relative position of the different parts named in the entry, which description and measurements shall be verified by the inspecting officer.

The manufacturer's declaration shall show the quantity and kind of imported material used, describing the same by giving dimensions, gauge, and weight of plates and other parts in condition as imported, and indicating the parts of the completed

boiler in which the same appear.

Such declaration shall also show, separately, the quantities and values of the different kinds of resultant scrap, and the value at the factory of the different kinds of imported material

used in the manufacture.

In case it shall be found on liquidation of the drawback entry that the weights of the different materials identified are not separately shown in the entry under which the same were imported, reference may be had for verification of the manufacturer's statements to standard tables and rules for determining by measurement the weights of different kinds of boiler materials, which may be found in "Haswell's Engineers' and Mechanics' Pocket Book."

Locomotive appliances, such as injectors, air brakes, water gauges, and clack boxes. T. D. 22810.

Locomotive boilers, manufactured by the Baldwin Locomotive Works, of Philadelphia, Pa., in part from imported flexible stay bolts. T. D. 22090 and T. D. 23077.

Locomotive and railway car wheels, manufactured wholly or in part from imported tires, centers, retaining bolts and retaining rings, and such imported wheels fitted and permanently attached to domestic axles; base allowance on quantity of imported materials used, under the following instructions:

The entry under which such wheels are to be inspected and laden must show, separately, the kinds of wheels, the dimensions of the same, and the dimensions and weights of the several parts on which drawback allowance must be made. The dimensions of tires given must include inside diameter, width on inside face, and thickness on "tread," and the given dimensions of centers must include outside diameter of rim, width of rim on face, and diameter and length of axle bore.

The entry must be accompanied by drawings of the wheels and parts, or refer to such drawings on file with the collector of the port from which exportation is to be made, illustrating the description given in such entry by showing the measurements of the wheels and parts, which description and measurements shall be verified by the inspecting officers. When practicable, the weights given in the entry of the several parts of the wheels

shall be verified by a United States weigher.

The manufacturer's declaration on the drawback entry must show, separately, the kinds, dimensions, and weights of the imported materials used in the manufacture of the wheels, describing the material for each part of the finished wheel as the same was described in the invoice under which it was imported and in the drawing accompanying such invoice or referred to therein. Such declarations shall also show, separately, the quantities and values of the different kinds of resultant scrap or "waste," and the values at the factory of the respective kinds of imported material from which such "waste" is produced.

In determining the weight of imported material which shall be made the basis of allowance of drawback on the finished article. the weight of the material in condition as imported shall be reduced by a number of pounds equal in value to the value of the "waste" resulting from manufacture, according to the values of material and waste shown in the manufacturer's declaration.

Lubricating oils, manufactured wholly from imported rapeseed oil and the products of domestic petroleum; base allowance on quantity of the imported rape-seed oil used, to be determined as follows:

The entry under which the merchandise is to be inspected and laden must show, separately, the number and kind of shipping packages, and the quantity and quality or kind of the manufac-

tured article contained in each package.

In case the exported article is made under a standard formula the manufacturer must file with the collector, prior to the liquidation of the drawback entry, a sworn statement showing such formula, and the mode of manufacture and packing for shipment, and in all other cases the special formula of manufacture, together with a description of the mode of manufacture and packing, must accompany the drawback entry.

The drawback entry must show, separately, the quantity and quality or kind of the manufactured article contained in each package, and in the entire shipment; and the manufacturer's declaration on such entry must show the percentages and quantities of rape-seed oil appearing in each kind or quality, re-

spectively.

Such declaration must further show, in addition to the usual averments, that the exported oils were manufactured and packed for shipment in manner as set forth in standard formulas and statements filed with the collector, referring thereto by date, or in special formulas and statements accompanying the drawback entry.

Samples shall be taken, as ordered by the collector, to be submitted to the appraiser for report of the percentage of rape-seed

oil appearing therein.

In liquidating entries the quantity of rape-seed oil on which allowance of drawback may be based, shall be determined for kind of quality of oil by use of the minimum quantity and percentage relating to each kind or quality, respectively, as shown by the manufacturer's sworn formula and statement, the declaration on the drawback entry, or by the appraiser's report of percentages and a United States gauger's report of quantities.

Shot cartridges, manufactured by the Union Metallic Cartridge Company, of Bridgeport, Conn., and loaded with shot made

wholly from imported lead; allow under T. D. 15928.

Shot cartridges, manufactured by the Winchester Repeating Arms Company, of New Haven, Conn., the shot entering into the manufacture of which is made from imported lead. T. D. 22406.

Show cards. (See Signs, labels and show cards.)

Siding. (See Dressed lumber.)

Signs, glass. (See Glass signs.)
Signs, labels and show cards, manufactured from imported tin places or "black plates," by varied processes of shaping, painting, printing, varnishing, enameling, and embossing; base allowance on quantity of imported plates used.

The entry under which the merchandise is to be inspected and laden must show, separately, the number, kind, size, and weight of articles, and must specify the articles in each package, or must be accompanied by a sworn invoice separately de-

scribing the articles in each package.

Manufacturer's declaration on drawback entry must show number, size, gauge, and weight of imported plates used, and also the amount or per cent. of increase of weight added to such plates by processes of manufacture. Samples shall be taken as ordered by the collector for expert official examination and verification of declared gauges and additions. Quantities of materials used shall be determined by reference to such verifications and weight of exported articles ascertained by a United States weigher, provided that such quantities shall in no case exceed the weight of the plates "identified" as shown by the records of importation.

Silk damasks, manufactured by the Vigilant Mills, of Phila-

delphia, Pa., in part from imported spun silk. T. D. 23122.

Silk flags, manufactured by A. S. Rosenthal & Fried, of New York, N. Y., from Japanese silk imported in the piece in the natural state. T. D. 20577 and 20663.

Silk, used in the manufacture of "Her Majesty's Corset." T. D. 17550.

Sirups, manufactured wholly from imported raw sugars. (See Sugars and sirups, refined.)

Sirup, manufactured wholly from molasses imported under the tariff of August 28, 1894, subject to duty at 2 cents per gallon; base allowance on quantity of material used, to be deter-

mined under the following rules:

The manufacturer's declaration on the drawback entry must show, in addition to the usual averments, the number of gallons of the molasses "boiled" and used in producing the sirup exported, the number of gallons and value per gallon of such sirup, and also the weight and the value per pound of the sugar product of such molasses.

The declared values of such sugar and sirup products must be their values exclusive of packages, at the refinery at the time of shipment for exportation; and such values and declared quantities must be verified by the collector before use in finding the duty paid on the material used in the manufacture of the sirup.

The amount of duty paid on such material shall be determined by use of such verified quantities and values as shown in the fol-

lowing proportion:

As the total value of the sugar and sirup products of a given quantity of molasses is to the value of the sirup product of such molasses, so is the duty paid on the molasses (the material tor both products) to the duty paid on the material for the sirup.

The duty paid on the material "used" being so found, the proper rate of drawback per gallon of the exported sirup shall be determined by dividing such amount of duty paid by the number of gallons of the sirup product; but in no case shall drawback be allowed on any excess over 43 gallons of sirup for each 100 gallons of molasses "boiled" in the manufacture of the sirup, unless such allowance be specially authorized by the Secretary of the Treasury.

The quantity of the exported sirup shall be ascertained by a united States gauger and samples shall be taken as ordered by the collector, to be submitted to the appraiser for expert official

inspection and report.

Sirup, manufactured by American Sugar Refining Company,

New Orleans, La. T. D. 23570.

Sleeping cars, manufactured by the Jackson & Sharp Company, of Wilmington, Del., drawback allowed on articles used in manufacture if permanently attached to cars as parts thereof. T. D. 18974.

Smyrna rugs, manufactured by McCleary, Wallin & Crouse. of Amsterdam, N. Y., in part from imported wool and goat or cattle T. D. 23341.

Soap, soap powders, and sapolios, manufactured in part from imported caustic soda and soda ash; base allowance on quantities of such caustic soda or soda ash, or both, used in the manufacture of the exported articles, provided always that no domestic material of the kind on which drawback is claimed shall have been used in the manufacture of the exported articles.

Before allowance of drawback the exporter must file with the collector, at port of exportation, a sworn statement showing place, processes, and conditions of manufacture, and mode of packing the article for export, and showing also the ingredients of the article to be exported, and the proportions thereof, which

statement shall be verified by the collector.

The collector with whom such verified statement is filed shall. on application of collectors of other ports from which exportations are made, furnish certified copies thereof for use at such

other ports.

The entry under which the merchandise is to be inspected and laden must show; separately, the quantities of the different kinds of merchandise, the marks, numbers, and sizes of the packages containing the same, and the gross and net weights of each package, or must be accompanied by a sworn copy of the invoice under which such merchandise was sold or consigned, giving such particulars. Statements of weights shall be verified by a United States weigher, who shall test weights of packages

designated by the collector. The quantities of caustic soda and of soda ash used, and on which claim for drawback is based, must be shown by the manufacturer's declaration on the drawback entry, which shall be verified by official analysis of samples taken as ordered by the collector. Such declaration must also show that the exported articles were made in accordance with the sworn statement and formula filed with the collector. Quantities used in liquidation of entries shall, in no case, exceed minimum quantities shown by sworn formula, declared on entry, or found by official analysis and weight.

When the "hard refined" sugars hereinbefore described are made wholly from imported raw beet sugars, the duty paid on the material used for each pound of the exported article may be determined by dividing the duty paid on 1 pound of the material by the decimal denoting the "net analysis" of such material, and then deducting from the amount so found, as an equivalent of the value of the material for the sirup product, the percentage of that amount corresponding to the polariscope test of the raw sugar used, indicated in the following schedule:

When "soft refined" sugars, made wholly from imported raw sugars, are exported with benefit of drawback, the drawback entry must show the respective values of such soft sugars and of standard granulated sugar on the same market; and the drawback per pound on the "soft refined" sugar shall be such part of the drawback per pound provided for "hard refined" sugar, made from the same kind and grade of material, as the value of such soft sugar is of the value of such granulated sug....

The rate of drawback on the "soft refined" sugar may be fixed by use of the following proportion: As the value of 1 pound of standard granulated sugar is to the value of 1 pound of the "soft refined" sugar, so is the drawback provided for the pound of granulated sugar to the drawback allowable on the pound of "soft refined" sugar, made from like material.

The required values of the refined sugars declared on the drawback entry, shall be verified by reference to standard mar-

ket quotations on date of shipment.

The amount of drawback which may be allowed on the exported sirup products of raw sugar shall be determined by allowing for each gallon of the exported article, valued at 5 cents in condition as "thrown" from the "centrifugal," the duties paid on the respective grades and quantities of material used, as indicated in the following schedule:

trifugal, shall be declared by the manufacturer on the draw-back entry, which declaration shall be verified by the collector;

The value of the sirup, in condition as thrown from the cenard if the declaration so verified shows a value per gallon above or below 5 cents, the allowance shall be determined by increasing or reducing the schedule allowance in proportion to the increase or reduction above or below the 5 cents per gallon above specified; but in no case shall the allowance be based on a value of sirup exceeding 8 cents per gallon, without special authority from the Department.

When imported raw cane and beet sugars are "blended" or mixed in the process of manufacturing refined sugars and sirups, the manufacturer's declaration must show, separately, the respective quantities of the different kinds and grades of the sugars so mixed. In liquidating entries covering portions or the products of such mixtures, drawback shall be based on proportionate quantities of material, corresponding to the quantities of the different kinds and grades of materials so mixed.

For a fraction of a degree of test of the raw sugar used in the manufacture of either refined sugar or sirup, the allowance of quantity of material shall be fixed by a proportionate division of the difference between the schedule allowances for the degrees next above and below such fraction.

⁽Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

The quantities of sugar and sirup exported shall be ascertained by United States weighers and gaugers, respectively; and samples shall be taken as ordered by the collector to be submitted to the appraiser, for report of polariscope test and such other expert inspection as may be requisite.

On requisition of collectors, appraising officers shall furnish polariscope tests, "net analyses." and other conditions of valuation of raw sugars, not found on the import invoice, for use in

liquidation of drawback entries.

Sulphate of copper, manufactured from imported copper ore; base allowance on quantity of fine copper in the imported ore used, equal to the quantity of fine copper in the exported article.

The manufacturer's declaration on the drawback entry must show the quantity or percentage of fine copper contained in the exported article, which declaration shall be verified by expert official analysis of samples to be taken from each lot exported. The quantity of copper which may be taken as the basis of liquidation of the entry may be determined by reference to such verified percentage and the weight of the exported article, as ascertained by a United States weigher. Sugars, "quick dissolving," "bar sugar," and "powdered

sugar." (See under those subjects.)

Sulphonal pills. (See Pills.)

Surface-coated paper wrappers, manufactured by Enoch Morgan's Sons' Company, of New York City, from imported surface-coated paper, and exported as coverings for sapolios; allow under letter March 21, 1891, to collector, New York.

Tiles, roofing, (See Iron roofing.)

Tin and terne plates, manufactured from imported "black plates" by the application of a tin or terne coating; base allowance on quantity of imported plates used.

The entry under which the merchandise is to be inspected and laden must show the number, brand, size, gauge, and weight

of the finished plates in each package to be exported.

The manufacturer's declaration on the drawback entry must show the number, size, gauge, and weight of the imported black plates used in the manufacture of the exported tin or terne plates, and must also show the amount or percentage of increase in weight of the plates by reason of the addition of the tin or terne coating, which declaration, relative to gauge of black plates and increase of weight, shall be verified by expert official examination of samples to be taken as ordered by the collector.

The quantity of imported black plates used may be determined by deducting such verified weight of coating from the weight of the exported article ascertained by a United States weigher.

Tin boxes, cans and "blanks" for cans, cups, cuspidors, lanterns, pails, pans, toilet sets, traps and all house-furnishing goods and tinware, manufactured wholly or in part from imported tin or terne plates, and not otherwise specially provided for; base allowance on quantity of imported plates used, to be determined under the following instructions:

When five-gallon rectangular cans are made from a combination of two plates 14 by 191, with one plate 10 by 20 inches, the number of boxes of plates used shall be determined by allowing for each 100 cans exported, 1.664 boxes of 14 by 194 plates. 120 sheets per box, and .4432 of a box 10 by 20 plates, 225 sheets per box; and when cans of like size and form are made from a combination of two plates 14 by 183, with one plate 10 by 20 inches, the number of plates used shall be determined by allowing for each 100 cans exported, 1.6117 boxes 14 by 183 plates (52.460 square inches), 124 sheets per box, and .4432 of a box 10 by 20 plates (19,944 square inches), 225 sheets per box. The weight of plates used shall be determined by reference to number of boxes found as above and ascertained weight per box on importation.

The superficial quantity of tin or terne plates used in the manufacture of boxes or cans, other than the five-gallon cans above noted, or of other articles made from such plates, may be determined by measurement of the blanks or parts of which the box, can, or article is composed, and by the addition to surface quantity of the respective parts, to cover wastage in manufac-

ture, of the following percentages.

⁽Note.-Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

The number of square inches of plate used being so found, the weight thereof may be determined by dividing such number of square inches by the number of square inches of plate in a box of the size identified by the manufacturer and multiplying the weight per box, on which duty was paid on importation, by the

number of boxes so found.

In case blanks for cans, boxes, or other manufactures of tin or terne plate are in such form that the superficial quantity of plate therein cannot be readily determined by measurement, such superficial quantity may be found by weighing a measurable section cut from such blank, and comparing its weight with the weight of the blank. When a sample of the scrap resulting from the cutting of such blank is furnished with the sample blanks required for the use of the collector, the amount of plate used in the manufacture of the articles or parts in which such blanks appear may be determined by adding to the blanks, to cover wastage in manufacture, a quantity of plate equal to that part of the scrap resulting from cutting such blanks, which is rendered worthless for the ordinary uses of tin or terne plate, provided that such allowance shall in no case exceed 25 per cent of the weight of such planks, except under special instruction from the Department.

Where articles are made from uncut plates, or rectangular blanks cut from plates from which the rough edges have not been trimmed in process of manufacture, no allowance shall be

made for wastage.

In case samples of cans or boxes and blanks (when blanks do not so appear in the finished articles that they may be measured) are not furnished by the exporter, the quantity of the material used may be determined by adding 5 per cent to the surface measurement of the finished article to cover seams and wastage in manufacture.

When articles entitled to drawback on exportation, made wholly from imported tin or terne plates, and on which no allowance for wastage is to be made, are exported in such condition that their weight may be determined by a United States weigher at the time of exportation, such weight shall be accepted as the basis for the liquidation of the drawback entry.

The foregoing instructions will apply to articles made from tin or terne plate manufactured in the United States from imported "black plates," and also to articles manufactured from

imported black plates and subsequently tinned.

In case drawback is claimed on articles made from "black plates" so coated, the manufacturer's declaration on certificate of delivery (Form 128 C. R., 1892) or on the drawback entry, must show the particulars of manufacture, subject to verification as in case of exportation of tin and terne plates made from such "black plates," which see.

Sample of articles shall be taken as ordered by the collector,

tions.

ment; and in all other cases the special formula of manufacture together with a description of the mode of manufacture and

packing, must accompany the drawback entry.

The manufacturer's declaration on the drawback entry must show, separately, the quantity of the manufactured article contained in each style of package, and the percentage of alcohol appearing in such article. Such declaration must show, in addition to the usual averments, that the exported article was manufactured and packed for shipment in manner as set forth in the fixed formula and statement filed with the collector, referring thereto by date, or as in the special formula and statement accompanying the drawback entry.

Samples shall be taken as ordered by the collector, to be submitted to the appraiser for report of the percentage of alcohol contained in the exported article, and for verification and report of the quantity of such article in the sample bottles, when the merchandise is packed in bottles. When the merchandise is exported in gaugeable packages the quantity shall be determined

by a United States gauger.

In the liquidation of entries the quantity of alcohol on which allowance of drawback may be based shall be determined by use of the minimum quantity and percentage shown by either the manufacturer's sworn formula and statement, the declaration on the drawback entry, or the official finding of the quantity and test.

Wire fencing (barbed), manufactured by the Consolidated Steel and Wire Company (Iowa Barbed Wire Department), of Allentown, Pa., from steel billets made by the Maryland Steel Cempany, of Sparrow Point, Md., from imported iron ore and ferro-manganese, and delivered to said Consolidated Steel and Wire Company between dates July, 1892, and December, 1893; allow under T. D. 15057.

Wire fencing, composed of round wire, galvanized or ungalvanized, entitled to drawback when exported as wire; base allowance on quantity of such wire appearing in the exported

fencing.

The manufacturer's declaration on the drawback entry must show, separately, the quantity and gauge of the wire appearing in the strands, barbs, and staples of the fencing, and give the particulars of the manufacture of such wire, as required in case of "Wire, round, plain or galvanized."

In liquidating entries for drawback on wire fencing, allowance for wastage of materials for the strands, barbs, and staples shall be made as on the different kinds and sizes of wire used, if ex-

ported separately.

The quantity of the exported fencing shall be determined by a United States weigher and samples shall be taken as ordered by the collector, for export official verification of the declarations of the manufacturer and exporter as to sizes, and relative quantities of wire used and percentages of spelter adhering thereto.

Wire nails, "steel," manufactured by the American Steel and Wire Company (Allentown mill) from steel billets produced by the Maryland Steel Company, of Sparrow Point, Md. T. D. 22997, 23010.

Wire, plain or galvanized. (See Wire, round, etc.)

Wire rope, manufactured from imported iron or steel wire, or from wire entitled to drawback under this schedule, as "Wire, round, plain or galvanized," such wire rope being made with or without a vegetable fiber core; base allowance on quantities of imported materials used.

The manufacturer's declaration on the drawback entry must show, separately, the weight, length, and diameter of each rope, the number of wires of each kind and size or gauge of which the rope is composed, with the weight of each such kind and size, the kind and weight of the fiber core, if any, and the weight or percentage of paint or other coating added to the rope in process of manufacture.

Where the wire used in the manufacture of the rope was made in the United States, the declaration of the manufacturer of the rope must further show the particulars of the manufacture of the wire used, under provisions for "Wire, round, plain or gal-

vanized."

The declarations of manufacturer and exporter as to weight of the exported article shall be verified by a United States weigher, and such declarations concerning relative quantities of the different kinds and sizes of wire used, and of core, coating, etc., shall be verified by expert official inspection of the exported article, or of samples to be taken when practicable, as ordered by the collector.

Where the wire used in the manufacture of the rope is made from imported materials, the quantities of such materials used in the manufacture of the rope, on which drawback may be based, shall be determined by ascertaining the sum of the quantities used in the manufacture of the several kinds and sizes of the wire used, under provisions for "Wire, round, plain or galvanized."

Wire, round, plain or galvanized, manufactured wholly or in part from imported materials; base allowance on quantities of imported materials used, to be determined as indicated in the

following schedules and specifications.

When such wire is made wholly from imported iron or steel blooms, billets, or bars, or from imported wire rods, the quantities of material used on which allowance of drawback may be based, may not exceed the quantity found by adding to the weight of the exported wire, to cover wastage in manufacture, the percentages of such weight indicated in the following schedule, unless a greater percentage of allowance shall bave been specially authorized by the Secretary of the Treasury.

When the exported wire is drawn from imported wire, allowance for wastage in drawing from size to size may be made for each such drawing, as indicated in the foregoing schedule, and to the weight of material so found there may be added eighttenths of 1 per cent of such weight to cover waste incurred in

the first annealing and pickling process.

When the exported wire is galvanized, the manufacturer's declaration on the drawback entry must show the quantity or percentage of spelter adhering to the different sizes of gauges of the wire, respectively, and in case the wire is coated wholly with imported spelter on which drawback is claimed, the declaration on the drawback entry must also show the quantity and value of the spelter necessarily "worked" and exhausted in the process of galvanizing, the quantities and values of the resultant "dross" and "skimmings," and the quantity of total waste of spelter incident to such process of galvanizing.

Samples of the exported wire shall be taken as ordered by the collector, for expert official verification of the declarations of the manufacturer and exporter relative to kind and size of wire

and quantity or percentage of spelter adhering thereto.

essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost (Note.—Accuracy and precision in customs proceedings are so of such services.)

'n liquidating entries for drawback on galvanized wire, the quantity of iron or steel wire used in the production of such galvanized wire may be determined by deducting the verified weight of the spelter coating from the weight of the exported article, as determined by a United States weigher, and adding to the quantity so found 1 per cent of such quantity to cover

wastage in galvanizing.

In case the wire is coated wholly with imported spelter on which drawback is claimed, the quantity of spelter used and on which allowance of drawback may be based may be determined by deducting from the quantity of spelter identified as having been "worked" and "exhausted," a quantity equal in value to the resultant "dross" and "skimmings" expressed in terms of the spelter in condition as imported; provided that in no case shall the quantity of spelter taken as such basis of allowance exceed the quantity adhering to the wire by more than 46 per cent of such quantity, without special instructions from the Secretary of the Treasury.

Wooden boxes or packing cases, manufactured from imported lumber; base allowance on quantity of such lumber, to be determined by adding to the "board measure" of lumber in the boxes 9.6 per cent of such measure.

When petroleum cases, covering two 5-gallon tin cans each, are fastened with nails made from imported wire rods; allow

under T. D.'s 15290 or 16914.

Wooden spokes, manufactured from imported spoke bolts; base allowance on number of bolts used, equal to the number of the exported spokes.

Wood screws, manufactured from imported steel or iron; base allowance on quantity of imported material used, to be determined by adding to the weight of the exported article, ascertained by a United States weigher, 50 per cent of such weight.

Wool grease, extract of. (See Extract of wool.)

Woven-wire mattress fabric, manufactured from wire made from imported materials; base allowance on a quantity of such material used, to be determined by adding to the weight, ascertained by a United States weigher, of the wire in the fabric the allowance for wastage provided for wire of like gauge and material.

Manufacturer's declaration on certificate of delivery (Form 128 C. R., 1892) or on drawback entry must show particulars of manufacture, as in case of "Wire, round, plain or galvanized," which see.

Customs Administrative Act as Amended by Acts of July 24, 1897, May 17. 1898, and May 27, 1908.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled; That all merchandise imported into the United States shall, for the purpose of this act, be deemed and held to be the property of the person to whom the merchandise may be consigned; but the holder of any bill of lading consigned to order and indorsed by the consignor shall be deemed the consignee thereof; and in case of the abandonment of any merchandise to the under-

writers the latter may be recognized as the consignee.

Sec. 2. That all invoices of imported merchandise shall be made out in the currency of the place or country from whence the importations shall be made or if purchased in the currency actually paid therefor, shall contain a correct description of such merchandise, and shall be made in triplicate or in quadruplicate in case of merchandise intended for immediate transportation without appraisement, and signed by the person owning or shipping the same, if the merchandise has been actually purchased, or by the manufacturer or owner thereof, if the same has been procured otherwise than by purchase, or by the duly authorized agent of such purchaser, manufacturer, or owner.

Sec. 3. That all such invoices shall, at or before the shipment of the merchandise, be produced to the consul, vice consul or commercial agent of the United States of the consular district in which the merchandise was manufactured or purchased as the case may be, for export to the United States, and shall have indorsed thereon, when so produced, a declaration signed by the purchaser, manufacturer, owner, or agent, setting forth that the invoice is in all respects correct and true, and was made at the place from which the merchandise is to be exported to the United States; that it contains, if the merchandise was obtained by purchase, a true and full statement of the time when, the place where, the person from whom the same was purchased and the actual cost thereof and of all charges thereon, as provided by this act; and that no discounts, bounties, or drawbacks are contained in the invoice but such as have been actually allowed thereon; and when obtained in any other manner than by purchase, the actual market value or wholesale price thereof at the time of exportation to the United States in the principal markets of the country from whence exported; that such actual market value is the price at which the merchandise described in the invoice is freely offered for sale to all purchasers in said markets, and that it is the price which the manufacturer or owner making the declaration would have received, and was willing to receive, for such mer-

chandise sold in the ordinary course of trade, in the usual wholesale quantities, and that it includes all charges thereon as provided by this act; and the actual quantity thereof; and that no different invoice of the merchandise mentioned in the invoice so produced has been or will be furnished to any one. If the merchandise was actually purchased, the declaration shall also contain a statement that the currency in which such invoice is made out is that which was actually paid for the merchandise by the purchaser.

Sec. 4. That, except in case of personal effects accompanying the passenger, no importation of any merchandise exceeding one hundred dollars in dutiable value shall be admitted to entry without the production of a duly certified invoice thereof as required by law, or of an affidavit made by the owner, importer, or consignee, before the collector or his deputy, showing why it is impracticable to produce such invoice; and no entry shall be made in the absence of a certified invoice, upon affidavit as aforesaid, unless such affidavit be accompanied by a statement in the form of an invoice, or otherwise, showing the actual cost of such merchandise, if purchased, or if obtained otherwise than by purchase, the actual market value or wholesale price thereof at the time of exportation to the United States, in the principal markets of the country from which the same has been imported; which statement shall be verified by the oath of the owner, importer, consignee, or agent desiring to make entry of the merchandise, to be administered by the collector or his deputy, and it shall be lawful for the collector or his deputy to examine the deponent under oath touching the sources of his knowledge, information, or belief in the premises, and to require him to produce any letter, paper, or statement of account, in his possession, or under his control, which may assist the officers of customs in ascertaining the actual value of the importation or any part thereof; and in default of such production when so requested, such owner, importer, consignee. or agent shall be thereafter debarred from producing any such letter, paper, or statement for the purpose of avoiding any additional duty, penalty or forfeiture incurred under this act, unless he shall show to the satisfaction of the court or the officers of the customs, as the case may be, that it was not in his power to produce the same when so demanded; and no merchandise shall be admitted to entry under the provisions of this section unless the collector shall be satisfied that the failure to produce a duly certified invoice is due to causes beyond the control of the owner, consignee, or agent thereof: That the Secretary of the Treasury may make regulations by which books, magazines, and other periodicals published and imported in successive parts, numbers, or volumes, and entitled to be imported free of duty, shall require but one declaration for the entire series. And when entry of merchandise exceeding one hundred dollars in value is made by a statement in the form of an invoice the collector shall require a bond for the production of a duly certified invoice.

⁽Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

Sec. 5. That whenever merchandise imported into the United States is entered by invoice, one of the following declarations, according to the nature of the case, shall be filed with the collector of the port at the time of entry by the owner, importer, consignee, or agent; which declaration so filed shall be duly signed by the owner, importer, consignee, or agent, before the collector, or before a notary public or other officer duly authorized by law to administer oaths and take acknowledgments. who may be designated by the Secretary of the Treasury to receive such declarations and to certify to the identity of the persons making them, under regulations to be prescribed by the Secretary of the Treasury; and every officer so designated shall file with the collector of the port a copy of his official signature and seal: Provided, That if any of the invoices or bills of lading of any merchandise imported in any one vessel, which should otherwise be embraced in said entry, have not been received at the date of the entry, the declaration may state the fact, and thereupon such merchandise of which the invoices or bills of lading are not produced shall not be included in such entry, but may be entered subsequently.

Declaration of Consignee, Importer or Agent.

-, do solemnly and truly declare that I am the consignee (importer or agent) of the merchandise described in the annexed entry and invoice; that the invoice and bill of lading now presented by me to the collector of ---- are the true and only invoice and bill of lading by me received of all the goods, wares, and merchandise imported in the-whereof -is master, from - for account of any person whomsoever for whom I am authorized to enter the same; that the said invoice and bill of lading are in the state in which they were actually received by me, and that I do not know or believe in the existence of any other invoice or bill of lading of the said goods, wares, and merchandise; that the entry now delivered to the collector contains a just and true account of the said goods, wares, and merchandise, according to the said invoice and bill of lading; that nothing has been, on my part, nor to my knowledge on the part of any other person, concealed or suppressed, whereby the United States may be defrauded of any part of the duty lawfully due on the said goods, wares, and merchandise; that the said invoice and the declaration therein are in all respects true, and were made by the person by whom the same purports to have been made; and that if at any time hereafter I discover any error in the said invoice, or in the account now rendered of the said goods, wares, and merchandise, or receive any other invoice of the same, I will immediately make the same known to the collector of this district. And I do further solemnly and truly declare that to the best of my knowledge and belief (insert the name and residence of the owner or owners) is (or are) the owner (or owners) of the

goods, wares, and merchandise mentioned in the annexed entry; that the invoice now produced by me exhibits the actual cost (if purchased) or the actual market value or wholesale price (if otherwise obtained) at the time of exportation to the United States in the principal markets of the country from whence imported of the said goods, wares, and merchandise, and includes and specifies the value of all cartons, cases, crates, boxes, sacks, and coverings of any kind, and all other costs, charges and expenses incident to placing said goods, wares, and merchandise in condition, packed ready for shipment to the United States, and no other or different discount, bounty, or drawback but such as has been actually allowed on the same.

Declaration of Owner in Cases Where Merchandise Has Been Actually Purchased

--- do solemnly and truly declare that I am the owner of the merchandise described in the annexed entry and invoice; that the entry now delivered by me to the collector of --- contains a just and true account of all the goods, wares, and merchandise imported by or consigned to me, in the ---whereof - is master, from -; that the invoice and entry which I now produce contain a just and laithful account of the actual cost of the said goods, wares and merchandise and includes and specifies the value of all cartons, cases, crates, boxes, sacks, and coverings of any kind, and all other costs, charges, and expenses incident to placing said goods, wares, and merchandise in condition, packed ready for shipment to the United States, and no other discount, drawback, or bounty but such as has been actually allowed on the same; that I do not know nor believe in the existence of any invoice or bill of lading other than those now produced by me, and that they are in the state in which I actually received them. And I further solemnly and truly declare that I have not in the said entry or invoice concealed or suppressed anything whereby the United States may be defrauded of any part of the duty lawfully due on the said goods, wares, and merchandise; that to the best of my knowledge and belief the said invoice and the declaration thereon are in all respects true, and were made by the person by whom the same purports to have been made; and that if at any time hereafter I discover any error in the said invoice or in the account now produced of the said goods, wares, and merchandise, or receive any other invoice of the same, I will immediately make the same known to the collector of this district.

Declaration of Manufacturer or Owner in Cases Where Merchandise Has Not Been Actually Purchased

I, ——, do solemnly and truly declare that I am the owner (or manufacturer) of the merchandise described in the

annexed entry and invoice; that the entry now delivered by me to the cellector of ---- contains a just and true account of all the goods, wares, and merchandise imported by or consigned to me in the ---- whereof ---- is master, from ----: that the said goods, wares, and merchandise were not actually bought by me, or by my agent, in the ordinary mode of bargain and sale, but that nevertheless the invoice which I now produce contains a just and faithful valuation of the same, at their actual market value or wholesale price, at the time of exportation to the United States, in the principal markets of the country from whence imported for my account (or for account of myself or partners); that such actual market value is the price at which the merchandise described in the invoice is freely offered for sale to all purchasers in said markets, and is the price which I would have received and was willing to receive for such merchandise sold in the ordinary course of trade in the usual wholesale quantities; that the said invoice contains also a just and faithful account of all the cost of finishing said goods, wares, and merchandise to their present condition, and includes and specifies the value of all cartons, cases, crates, boxes, sacks, and coverings of any kind, and all other costs and charges incident to placing said goods, wares, and merchandise in condition packed ready for shipment to the United States, and no other discount, drawback, or bounty but such as has been actually allowed on the said goods, wares, and merchandise; that the said invoice and the declaration thereon are in all respects true, and were made by the person by whom the same purports to have been made; that I do not know nor believe in the existence of any invoice or bill of lading other than those now produced by me, and that they are in the state in which I actually received them. And I do further solemnly and truly declare that I have not in the said entry or invoice concealed or suppressed anything whereby the United States may be defrauded of any part of the duty lawfully due on the said goods, wares, and merchandise; and that if at any time hereafter I discover any error in the said invoice, or in the account now produced of the said goods, wares, and merchandise, or receive any other invoice of the same. I will immediately make the same known to the collector of this district.

Sec. 6. That any person who shall knowingly make any false statement in the declarations provided for in the preceding section, or shall aid or procure the making of any such false statement as to any matter material thereto, shall, on conviction thereof, be punished by a fine not exceeding five thousand dollars, or by imprisonment at hard labor not more than two years, or both, in the discretion of the court: Precided. That nothing in this section shall be construed to relieve imported merchandise from forfeiture by reason of such false statement or for any cause elsewhere provided by law.

Sec. 7, as amended by Act July 24, 1897. That the owner, consignee, or agent of any imported merchandise which has

been actually purchased may, at the time when he shall make and verify his written entry of such merchandise, but not afterwards, make such addition in the entry to the cost or value given in the invoice or pro forma invoice or statement in form of an invoice, which he shall produce with his entry, as in his opinion may raise the same to the actual market value or wholesale price of such merchandise at the time of exportation to the United States, in the principal markets of the country from which the same has been imported; but no such addition shall be made upon entry to the invoice value of any imported merchandise obtained otherwise than by actual purchase; and the collector within whose district any merchandise may be imported or entered, whether the same has been actually purchased or procured otherwise than by purchase, shall cause the actual market value or wholesale price of such merchandise to be appraised; and if the appraised value of any article of imported merchandise subject to an ad valorem duty or to a duty based upon or regulated in any manner by the value thereof shall exceed the value declared in the entry, there shall be levied, collected, and paid, in addition to the duties imposed by law on such merchandise, an additional duty of one per centum of the total appraised value thereof for each one per centum that such appraised value exceeds the value declared in the entry, but the additional duties shall only apply to the particular article or articles in each invoice that are so undervalued, and shall be limited to fifty per centum of the appraised value of such article or articles. Such additional duties shall not be construed to be penal, and shall not be remitted, nor payment thereof in any way avoided, except in cases arising from a manifest clerical error, nor shall they be refunded in case of exportation of the merchandise, or on any other account, nor shall they be subject to the benefit of drawback: Pravided, That if the appraised value of any merchandise shall exceed the value declared in the entry by more than fifty per centum, except when arising from a manifest clerical error, such entry shall be held to be presumptively fraudulent, and the collector of customs shall seize such nerchandise and proceed as in case of forfeiture for violation of the customs laws, and in any legal proceeding that may result from such seizure, the undervaluation as shown by the appraisal shall be presumptive evidence of fraud, and the burden of proof shall be on the claimant to rebut the same and forfeiture shall be adjudged unless he shall rebut such presumption of fraudulent intent by sufficient evidence. The forfeiture provided for in this section shall apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles in each invoice which are undervalued: vided further, That all additional duties, penalties or forfeitures applicable to merchandise entered by a duly certified invoice, shall be alike applicable to merchandise entered by a pro forma invoice or statement in the form of an invoice, and no forfeiture or disability of any kind, incurred under the pro-

visions of this section shall be remitted or mitigated by the Secretary of the Treasury. The duty shall not, however, be assessed in any case upon an amount less than the invoice or entered value.

Sec. 8. That when merchandise entered for customs duty has been consigned for sale by or on account of the manufacturer thereof, to a person, agent, partner, or consignee in the United States, such person, agent, partner, or consignee shall, at the time of the entry of such merchandise, present to the collector of customs at the port where such entry is made, as a part of such entry, and in addition to the certified invoice or statement in the form of an invoice required by law, a statement signed by such manufacturer declaring the cost of production of such merchandise, such cost to include all the elements of cost as stated in section eleven of this act. When merchandise entered for customs duty has been consigned for sale by or on account of a person other than the manufacturer of such merchandise, to a person, agent, partner, or consignee in the United States. such person, agent, partner, or consignee shall at the time of the entry of such merchandise present to the collector of customs at the port where such entry is made, as a part of such entry, a statement signed by the consignor thereof, declaring that the merchandise was actually purchased by him or for his account, and showing the time when, the place where, and from whom he purchased the merchandise, and in detail the price he paid for the same: Previded. That the statements required by this section shall be made in triplicate, and shall bear the attestation of the consular officer of the United States resident within the consular district wherein the merchandise was manufactured, if consigned by the manufacturer or for his account, or from whence it was imported when consigned by a person other than the manufacturer, one copy thereof to be delivered to the person making the statement, one copy to be transmitted with the triplicate invoice of the merchandise to the collector of the port of the United States to which the merchandise is consigned, and the remaining copy to be filed in the consulate.

Sec. 9. That if any owner, importer, consignee, agent, or other person shall make or attempt to make any entry of imported merchandise by means of any fraudulent or false invoice, affidavit, letter, paper, or by means of any false statement, written or verbal, or by means of any false or fraudulent practice or appliance whatsoever, or shall be guilty of any willful act or omission by means whereof the United States shall be deprived of the lawful duties, or any portion thereof, accruing upon the merchandise, or any portion thereof, embraced or referred to in such invoice, affidavit, letter, paper, or statement, or affected by such act or omission, such merchandise, or the value thereof, to be recovered from the person making the entry, shall be forfeited, which forfeiture shall only apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles

of merchandise to which such fraud or false paper or statement relates; and such person shall, upon conviction, be fined for each offence a sum not exceeding five thousand dollars, or be imprisoned for a time not exceeding two years, or both, in the discretion of the court.

Sec. 10. That it shall be the duty of the appraisers of the United States, and every of them, and every person who shall act as such appraiser, or of the collector, as the case may be, by all reasonable ways and means in his or their power to ascertain, estimate, and appraise (any invoice or affidavit thereto or statement of cost, or of cost of production to the contrary notwithstanding) the actual market value and wholesale price of the merchandise at the time of exportation to the United States, in the principal markets of the country whence the same has been imported, and the number of yards, parcels, or quantities, and actual market value or wholesale price of every

of them, as the case may require.

Sec. 11, as amended by Act July 24, 1897. That, when the actual market value as defined by law, of any article of imported merchandise, wholly or partly manufactured and subject to an ad valorem duty, or to a duty based in whole or in part on value, cannot be otherwise ascertained to the satisfaction of the appraising officer, such officer shall use all available means in his power to ascertain the cost of production of such merchandise at the time of exportation to the United States, and at the place of manufacture; such cost of production to include the cost of materials and of fabrication, all general expenses covering each and every outlay of whatsoever nature incident to such production, together with the expense of preparing and putting up such merchandise ready for shipment. and an addition of not less than eight nor more than fifty per centum upon the total cost as thus ascertained; and in no case shall such merchandise be appraised upon original appraisal or reappraisement at less than the total cost of production as thus ascertained. It shall be lawful for appraising officers, in determining the dutiable value of such merchandise, to take into consideration the whoelsale price at which such or similar merchandise is sold or offered for sale in the United States, due allowance being made for estimated duties thereon, the cost of transportation, insurance, and other necessary expenses from the place of shipment to the United States, and a reasonable commission, if any has been paid, not exceeding six per centum.

Sec. 12. That there shall be appointed by the President, by and with the advice and consent of the Senate, nine general appraisers of merchandise, each of whom shall receive a salary of seven thousand dollars a year. Not more than five of such general appraisers shall be appointed from the same political party. They shall not be engaged in any other business, avocation, or employment, and may be removed from office at any time by the President for inefficiency, neglect of duty, or malfeasance in office. They shall be employed at such ports and within such territorial limits as the Secretary of the Treasury

⁽Note.-Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

nay from time to time prescribe, and are hereby authorized to exercise the powers and duties devolved upon them by this act and to exercise, under the general direction of the Secretary of the Treasury, such other supervision over appraisements and classifications, for duty, of imported merchandise as may be needful to secure lawful and uniform appraisements and classifications at the several ports. Three of the general appraisers shall be on duty as a board of general appraisers daily (except Sunday and legal holidays) at the port of New York, during the business hours prescribed by the Secretary of the Treasury, at which port a place for samples shall be provided, under such rules and regulations as the Secretary of the Treasury may from time to time prescribe, which shall include rules as to the classes of articles to be deposited, the time of their retention, and as to their disposition, which place of samples shall be under the immediate control and direction of the board of general

appraisers on duty at said port.

Sec. 13. That the appraiser shall revise and correct the reports of the assistant appraisers as he may judge proper, and the appraiser, or, at ports where there is no appaiser, the person acting as such, shall report to the collector his decision as to the value of the merchandise appraised. At ports where there is no appraiser, the certificate of the customs officer to whom is committed the estimating and collection of duties, of the dutiable value of any merchandise required to be appraised, shall be deemed and taken to be the appraisement of such merchandise. If the collector shall deem the appraisement of any imported merchandise too low he may order a reappraisement, which shall be made by one of the general appraisers, or, if the importer, owner, agent, or consignee of such merchandise shall be dissatisfied with the appraisement thereof, and shall have complied with the requirements of law with respect to the entry and appraisement of merchandise, he may, within two days thereafter give notice to the collector, in writing, of such dissatisfaction, on the receipt of which the collector shall at once direct a reappraisement of such merchandise by one of the general appraisers. The decision of the appraiser or the person acting as such (in cases where no objection is made thereto, either by the collector or by the importer, owner, consignee, or agent), or of the general appraiser in cases of reappraisement, shall be final and conclusive as to the dutiable value of such merchandise against all parties interested therein, unless the importer, owner, consignee, or agent of the merchandise shall be dissatisfied with such decision, and shall, within two days thereafter, give notice to the collector in writing of such dissatisfaction, or unless the collector shall deem the appraisement of the merchandise too low, in either case the collector shall transmit the invoice and all the papers appertain-. ing thereto to the board of three general appraisers, which shall be on duty at the port of New York, or to a board of three general appraisers who may be designated by the Secretary of the Treasury for such duty at that port or at any other port,

which board shall examine and decide the case thus submitted, and their decision, or that of a majority of them, shall be final and conclusive as to the dutiable value of such merchandise against all parties interested therein, and the collector or the person acting as such shall ascertain, fix, and liquidate the rate and amount of duties to be paid on such merchandise, and the dutiable costs and charges thereon, according to law.

Sec. 14. That the decision of the collector as to the rate and amount of duties chargeable upon imported merchandise, including all dutiable costs and charges, and as to all fees and exactions of whatever character (except duties on tonnage), shall be final and conclusive against all persons interested therein, unless the owner, importer, consignee, or agent of such merchandise, or the person paying such fees, charges, and exactions other than duties, shall, within fifteen days after but not before such ascertainment and liquidation of duties, as well in cases of merchandise entered in bond as for consumption, or within fifteen days after the payment of such fees, charges, and exactions, if dissatisfied with such decision, give notice in writing to the collector, setting forth therein distinctly and specifically, and in respect to each entry or payment, the reasons for his objections thereto, and if the merchandise is entered for consumption shall pay the full amount of the duties and charges ascertained to be due thereon. Upon such notice and payment the collector shall transmit the invoice and all the papers and exhibits connected therewith to the board of three general appraisers, which shall be on duty at the port of New York, or to a board of three general appraisers who may be designated by the Secretary of the Treasury for such duty at that port or at any other port, which board shall examine and decide the case thus submitted, and their decision, or that of a majority of them, shall be final and conclusive upon all persons interested therein, and the record shall be transmitted to the proper collector or person acting as such, who shall liquidate the entry accordingly, except in cases where an application shall be filed in the circuit court within the time and in the manner provided for in section fifteen of this Act: Provided however. That the board of three general appraisers, or a majority of them, who decided the case may, upon motion of either party, within thirty days next after their decision, an

upon motion of either party, within thirty days next after their decision, and not afterwards, grant a rehearing of said case when, in their opinion, the ends of justice may require it.

The general board of nine general appraisers shall have power to establish from time to time such reasonable rules of practice, not inconsistent with the law, as may be deemed necessary for the conduct of their proceedings and of the proceedings of the said board of three general appraisers, and to assign or reassign any case to any of such boards of three at any time before promulgation of decision, in order to secure uniformity of decision.

uniformity of decision.

Sec. 15. That if the owner, importer, consignee, or agent of any imported merchandise, or the collector, or the Secretary of the Treasury, shall be dissatisfied with the decision of the board of general appraisers, as provided for in section fourteen of this Act, as to the construction of the law and the facts respecting the classification of such merchandise and the rate of duty imposed thereon under such classification, they, or either of them, may, within thirty days next after such decision, if a

rehearing has not been previously granted, or within thirty days next after the decision of the board of general appraisers after such rehearing, and not afterwards, apply to the circuit court of the United States within the district in which the matter arises for a review of the questions of law and fact inwolved in such decision. Such applications shall be made by filing in the office of the clerk of said circuit court a concise statement of the errors of law and fact complained of, and a copy of such statement shall be served on the collector, or on the importer, owner, consignee, or agent as the case may be. Thereupon the court shall order the board of general appraisers to return to said circuit court the record and the evidence taken by them, together with the certified statement of the facts involved in the case, and their decision thereon; and all competent evidence taken by and before said board of general appraisers shall be evidence before said circuit court. The par-ties litigant shall bereafter be required to introduce all of their evidence before the said board of general appraisers prior to its decision of the case. The return made by the board of general appraisers in pursuance of the order of the circuit court shall constitute the record upon which said circuit court shall give priority to and proceed to hear and determine the questions of law and fact involved in such decision respecting the classification of such merchandise and the rate of duty imposed thereon under such classification: *Provided*, That the said circuit court is further vested with the power to remand any case pending before it on appeal from a decision of the board of general appraisers when, in its opinion, such proceeding is just and proper, but this shall not be ordered except upon motion duly made and after notice to the opposite party. When such order is made the case shall then be remanded to the board of general appraisers whose decision has been appraised of the board of general appraisers whose decision has been appraised. pealed from, and the said board shall hear such further testimony as shall be introduced by either party, and shall return to the circuit court the additional evidence so taken, together with a further certified statement of facts as supplemented or modified by such additional testimony, and their decisions upon the whole case as thus supplemented or modified, which said additional return shall be added to and become part of the record upon which the case shall be heard and determined by

the circuit court.

The decision of such circuit court shall be final, and the proper collector, or person acting as such, shall liquidate the entry accordingly, unless such court shall be of the opinion that the question involved is of such importance as to require a review of such decision by the circuit court of appeals of the United States within the circuit in which the matter arises, in which case said circuit court or the judge making the decision may, within thirty days thereafter, allow an appeal to said circuit court of appeals; but an appeal shall be allowed on the part of the United States whenever the Attorney-General shall apply for it within thirty days after the rendition of such decision. On such original application and on any such appeal security for damages and costs shall be given as in the case of other appeals in cases in which the United States is a party. Said circuit court of appeals shall have jurisdiction and power to review such decision, and shall give priority to such cases, and may affirm, modify, or reverse such decision of such circuit court and remand the case with such orders as may seem

ingly.

The decision of such circuit court of appeals may be reviewed by the Supreme Court of the United States in any of the ways by the Supreme Court of the United States in any of the ways provided in cases arising under the revenue laws by the Act approved March third, eighteen hundred and ninety-one, entitled 'An Act to establish circuit courts of appeals, and to define and regulate in certain cases the jurisdiction of the courts of the United States, and for other purposes.'

All final judgments, when in favor of the importer, shall be satisfied and paid by the Secretary of the Treasury from the permanent indefinite appropriation provided for in section twenty-four of this Act.

For the purposes of this section the circuit courts of the United States shall be deemed always open, and said circuit courts, respectively, may establish, and from time to time alter, rules and regulations not inconsistent herewith for the pro-

cedure in such cases as they shall deem proper.

Where cases arise at ports within any jurisdiction having no circuit court, applications for review of the decisions of the board of general appraisers provided for in section fifteen of this Act shall be filed with the clerks of the courts having cognitive to the courts have considered to the courts have considered to the courts have considered to the courts have courts and courts have considered to the cou nizance of the same classes of cases as circuit courts, and such cases shall be heard and determined by such courts, with the same powers and in like manner as herein provided for the hearing and determination of such cases in circuit courts, and such decisions shall be subject to review in the manner pro-

vided by law.

Sec. 16. That the general appraisers, or any of them, are hereby authorized to administer oaths, and said general appraisers, the boards of general appraisers, the local appraisers or the collectors, as the case may be, may cite to appear before them, and examine upon oath any owner, importer, agent, consignee, or other person touching any matter or thing which they, or either of them, may deem material respecting any imported merchandise, in ascertaining the dutiable value or classification thereof; and they, or either of them, may require the production of any letters, accounts, or invoices relating to said merchandise, and may require such testimony to be reduced to writing, and when so taken it shall be filed in the office of the collector, and preserved for use or reference until the final decision of the collector or said board of appraisers shall be made respecting the valuation or classification of said merchandise, as the case may be.

That if any person so cited to appear shall neglect or refuse to attend, or shall decline to answer, or shall refuse to answer in writing any interrogatories, and subscribe his name to his deposition, or to produce such papers, when so required by a general appraiser, or a board of general appraisers, or a local appraiser, or a collector, he shall be liable to a penalty of one hundred dollars; and if such person be the owner, importer, or consignee, the appraisement which the general appraiser, or board of general appraisers, or local appraiser, or collector, where there is no appraiser, may make of the merchandise, shall be final and conclusive; and any person who shall wilfully and corruptly swear falsely on an examination before any general appraiser, or board of general ap-

praisers, or local appraiser, or collector, shall be deemed guilty of perjury; and if he is the owner, importer, or consignee, the

merchandise shall be forfeited.

Sec. 18. That all decisions of the general appraisers and of the boards of general appraisers, respecting values and rates of duty, shall be preserved and filed, and shall be open to inspection under proper regulations to be prescribed by the Secretary of the Treasury. All decisions of the general appraisers shall be reported forthwith to the Secretary of the Treasury and to the coard of general appraisers on duty at the port of New York, and the report to the board shall be accompanied, whenever practicable, by samples of the merchandise in question, and it shall be the duty of the said board, under the direction of the Secretary of the Treasury, to cause an abstract to be made and published of such decisions of the appraisers as they may deem important, and of the decisions of each of the general appraisers and boards of general appraisers, which abstract shall contain a general description of the merchandise in question, and of the value and rate of duly fixed in each case, with reference, whenever practicable, by number or other designation, to samples deposited in the place of samples at New York. and such abstract shall be issued from time to time, at least once in each week, for the information of customs officers and the public.

Sec. 19. That whenever imported merchandise is subject to an ad valorem rate of duty, or to a duty based upon or regulated in any manner by the value thereof, the duty shall be assessed upon the actual market value or wholesale price of such merchandise as bought and sold in usual wholesale quantities, at the time of exportation to the United States, in the principal markets of the country from whence imported, and in the condition in which such merchandise is there bought and sold for exportation to the United States, or consigned to the United States for sale, including the value of all cartons, cases, crates, boxes, sacks, and coverings of any kind, and all other costs, charges, and expenses incident to placing the merchandise in condition, packed ready for shipment to the United States, and if there be used for covering or holding imported merchandise, whether dutiable or free, any um sual article or form designed for use otherwise than in the bona fide transportation of such merchandise to the United States, additional duty shall be levied and collected upon such material or article at the rate to which the same would be subject if separately imported. That the words "value" or "actual market value." whenever used in this act or in any law relating to the appraisement of imported merchandise, shall be construed to mean the actual market value or wholesale price as defined in this section.

Sec. 20. Any merchandise deposited in any public or private bonded-warehouse may be withdrawn for consumption within three years from the date of original importation, on payment of the duties and charges to which it may be subject by law at the time of such withdrawal: Frontied, That noth-

ing herein shall effect or impair existing provisions of law in regard to the disposal of perishable or explosive articles.

Sec. 21. That in all suits or informations brought, where any seizure has been made pursuant to any act providing for or regulating the collection of duties on imports or tonnage, if the property is claimed by any person, the burden of proof shall lie upon such claimant: *Provided*, That probable cause is shown for such prosecution, to be judged of by the court.

Sec. 22. That all fees exacted and oaths administered by officers of the customs, except as provided in this act, under or by virtue of existing laws of the United States, upon the entry of imported goods and the passing thereof through the customs, and also upon all entries of domestic goods, wares, and merchandise for exportation, be, and the same are hereby, abolished; and in case of entry of merchandise for exportation, a declaration, in lieu of an oath, shall be filed, in such form and under such regulations as may be prescribed by the Secretary of the Treasury; and the penalties provided in the sixth section of this act for false statements in such declaration shall be applicable to declarations made under this section: Provided, That where such fees, under existing laws, constitute, in whole or in part, the compensation of any officer, such officer shall receive, from and after the passage of this act, a fixed sum for each year equal to the amount which he would have been entitled to receive as fees for such services during said year.

Sec. 23, as amended by Act of May 17, 1888. That no allowance for damage to goods, wares, and merchandise imported into the United States shall hereafter be made in the estimation and liquidation of duties thereon; but the importer thereof may, within ten days after entry, abandon to the United States all or any portion of goods, wares, and merchandise included in any invoice, and be relieved from the payment of the duties on the portion so abandoned: Provided. That the portion so abandoned shall amount to ten per centum or over of the total value or quantity of the invoice; and the property so abandoned shall be sold by public auction or otherwise disposed of for the account and credit of the United States under such regulations as the Secretary of the Treasury may prescribe. All merchandise so abandoned by the importer thereof shall be delivered by such importer at such place within the port of arrival as the chief officer of customs may direct, and on the failure of the importer to comply with the directions of the collector in this respect the abandoned merchandise shall be disposed of by the collector at the expense of such importer.

Sec. 24. That whenever it shall be shown to the satisfaction of the Secretary of the Treasury that, in any case of unascertained or estimated duties, or payments made upon appeal, more money has been paid to or deposited with a collector of customs than, as has been ascertained by final liquidation thereof the law required to be paid or deposited, the Secretary of the Treasury shall direct the Treasurer to refund and pay the same out of any money in the Treasury not otherwise appropriated. The necessary moneys therefor are hereby appro-

priated, and this appropriation shall be deemed a permanent indefinite appropriation; and the Secretary of the Treasury is hereby authorized to correct manifest clerical errors in any entry or liquidation, for or against the United States, at any time within one year of the date of such entry, but not afterwards: Provided, That the Secretary of the Treasury shall in his annual report to Congress give a detailed statement of the various sums of money refunded under the provisions of this act or of any other act of Congress relating to the revenue, together with copies of the ruling under which repayments were made.

Sec. 25. That from and after the taking effect of this act no collector or other officer of the customs shall be in any way liable to any owner, importer, consignee, or agent of any merchandise, or any other person, for or on account of any rulings or decisions as to the classification of said merchandise or the duties charged thereon, or the collection of any dues, charges, or duties on or on account of said merchandise, or any other matter or thing as to which said owner, importer, consignee, or agent of such merchandise might, under this act, be entitled to appeal from the decision of said collector or other officer, or from any board of appraisers provided for in this act.

Sec. 26. That any person who shall give, or offer to give or promise to give any money or thing of value, directly or indirectly, to any officer or employee of the United States in consideration of or for any act or omission contrary to law in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of goods, wares, or merchandise, including herein any baggage, or of the liquidation of the entry thereof, or shall by threats or lemands, or promises of any character, attempt to improperly influence or control any such officer or employee of the United States as to the performance of his official duties shall, on conviction thereof, be fined not exceeding two thousand dollars, or be imprisoned at hard labor not more than one year, or both, in the discretion of the court; and evidence of such giving, or offering, or promising to give, satisfactory to the court in which such trial is had, shall be regarded as prima facie evidence that such giving or offering or promising was contrary to aw, and shall put upon the accused the burden of proving that such act was innocent, and not done with an unlawful intention.

Sec. 27. That any officer or employee of the United States who shall, excepting for lawful duties or tees, solicit, demand, exact or receive from any person, directly or indirectly, any money or thing of value, in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of goods, wares, or merchandise, including herein any baggage or liquidation of the entry thereof, on conviction thereof, shall be fined not exceeding five thousand dollars, or be imprisoned at hard labor not more than two years, or both, in the discretion of the court. And evidence of such soliciting, demanding, exacting, or receiving, satisfactory to the court in which such trial is had, shall be regarded as prima face evidence that such soliciting, demanding, exacting, or receiving was contrary

to law, and shall put upon the accused the burden of proving that such act was innocent and not with an unlawful intention.

Sec. 28. That any baggage or personal effects arriving in the United States in transit to any foreign country may be delivered by the parties having it in charge to the collector at the proper district, to be by him retained, without the payment or exaction of any import duty, or to be forwarded by such collector to the collector of the port of departure and to be delivered to such parties on their departure for their foreign destination, under such rules and regulations as the Secretary of

the Treasury may prescribe.

Sec. 29. That sections twenty-six hundred and eight, twentyeight hundred and thirty-eight, twenty-eight hundred and thirtynine, twenty-eight hundred and forty-one, twenty-eight hundred and forty-three, twenty-eight hundred and forty-five, twenty-eight hundred and fifty-three, twenty-eight hundred and fifty-four, twenty-eight hundred and fifty-six, twenty-eight hundred and fifty-eight, twenty-eight hundred and sixty, twentynine hundred, and twenty-nine hundred and two, twenty-nine hundred and five, twenty-nine hundred and seven, twenty-nine hundred and eight, twenty-nine hundred and nine, twenty-nine hundred and twenty-two, twenty-nine hundred and twentythree, twenty-nine hundred and twenty-four, twenty-nine hundred and twenty-seven, twenty-nine hundred and twenty-nine. twenty-nine hundred and thirty, twenty-nine hundred and thirty-one, twenty-nine hundred and thirty-two, twenty-nine hundred and forty-three, twenty-nine hundred and forty-five. twenty-nine hundred and fifty-two, three thousand and eleven. three thousand and twelve, three thousand and twelve and onehalf, three thousand and thirteen, of the Revised Statutes of the United States, be, and the same are hereby, repealed, and sections nine, ten, eleven, twelve, fourteen, and sixteen of an act entitled "An act to amend the customs-revenue laws and to repeal moieties," approved June twenty-second, eighteen hundred and seventy-four, and sections seven, eight, and nine of the act entitled "An act to reduce internal-revenue taxation, and for other purposes," approved March third, eighteen hundred and eighty-three, and all other acts and parts of acts inconsistent with the provisions of this act, are hereby repealed, but the repeal of existing laws or modifications thereof embraced in this act shall not affect any act done, or any right accruing or accrued, or any suit or proceeding had or commenced in any civil cause before the said repeal or modifications; but all rights and liabilities under said laws shall continue and may be enforced in the same manner as if said repeal or modifications had not been made. Any offences committed, and all penalties or forfeitures or liabilities incurred prior to the passage of this act under any statute embraced in or changed, modified, or repealed by this act may be prosecuted and punished in the same manner and with the same effect as if this act had not been passed. All acts of limitation, whether applicable to civil causes and proceedings or to the prosecution of

offenses or for the recovery of penalties or forfeitures embraced in or modified, changed, or repealed by this act, shall not be affected thereby; and all suits, proceedings, or prosecutions, whether civil or criminal, for causes arising or acts done or committed prior to the passage of this act, may be commenced and prosecuted within the same time and with the same effect as if this act had not been passed. And provided further, That nothing in this act shall be construed to repeal the provisions of section three thousand and fifty-eight of the Revised Statutes as amended by the act approved February twenty-third, eighteen hundred and eighty-seven, in respect to the abandonment of merchandise to underwriters or the salvors of property, and the ascertainment of duties thereon.

Sec. 30. That this act shall take effect on the first day of August, eighteen hundred and ninety, except so much of section twelve as provides for the appointment of nine general ap-

praisers, which shall take effect immediately.

Sec. 31. That all of the general appraisers of merchandise heretofore or hereafter appointed under the authority of said Act shall hold their office during good behavior, but may, after due hearing, be removed by the President for the following causes, and no other: Neglect of duty, malfeasance in office, or inefficiency.

That hereafter the salary of each of the general appraisers of merchandise shall be at the rate of nine thousand dollars

per annum.

That the said boards of general appraisers and the members thereof shall have and possess all the powers of a circuit court of the United States in preserving order, compelling the attendance of witnesses, and the production of evidence, and in punishing for contempt.

Paintings in oil or water colors, pastels, pen and ink draw-

ings, and statuary, fifteen per centum ad valorem.

The President shall have power, and it shall be his duty, whenever he shall be satisfied that any such agreement in this Section mentioned is not being fully executed by the Government with which it shall have been made, to revoke such sus-

pension and notify such Government thereof.

And it is further provided that with a view to secure reciprocal trade with countries producing the following articles, whenever and so often as the President shall be satisfied that the Government of any country, or colony of such Government, producing and exporting directly or indirectly to the United States coffee, tea, and tonquin, tonqua, or tonka beans, and vanilla beans, or any of such articles, imposes duties or other exactions upon the agricultural, manufactured, or other products of the United States, which, in view of the introduction of such coffee, tea, and tonquin, tonqua, or tonka beans, and vanilla beans, into the United States, as in this Act hereinbefore provided for, he may deem to be reciprocally unequal and unreasonable, he shall have the power and it shall be his duty to suspend, by proclamation to that effect, the provisions of this Act relating to the free introduction of such coffee, tea, and tonquin, tonqua, or tonka beans, and vanilla beans, of the products of such country or colony, for such time as he shall deem just; and in such case and during such suspension duties shall be levied, collected, and paid upon coffee, tea, and tonquin, tongua, or tonka beans, and vanilla beans, the products or exports, direct or indirect, from such designated country, as follows:

On coffee, three cents per pound.

On tea, ten cents per pound.

On tonquin, tonqua, or tonka beans, fifty cents per pound; vanilla beans, two dollars per pound; vanilla beans, commercially known as cuts, one dollar per pound.

Sec. 4. That whenever the President of the United States. by and with the advice and consent of the Senate, with a view to secure reciprocal trade with foreign countries, shall, within the period of two years from and after the passage of this Act. enter into commercial treaty or treaties with any other country or countries concerning the admission into any such country or countries of the goods, wares, and merchandise of the United States and their use and disposition therein, deemed to be for the interests of the United States. and in such treaty or treaties, in consideration of the advantages accruing to the United States therefrom, shall provide for the reduction during a specified period, not exceeding five years, of the duties imposed by this Act, to the extent of not more than twenty per centum thereof, upon such goods, wares, or merchandise as may be designated therein of the country or countries with which such treaty or treaties shall be made as in this section provided for; or shall provide for the transfer during such period from the dutiable list of this Act to the free list thereof of such goods, wares, and merchandise, being the natural products of such foreign country or countries and not of the United States; or shall provide for the retention upon the free list of this Act during a specified period, not exceeding five years, of such goods, wares, and merchandise now included in said free list as may be designated therein; and when any such treaty shall have been duly ratified by the Senate and approved by Congress, and public proclamation made accordingly, then and thereafter the duties which shall be collected by the United States upon any of the designated goods, wares, and merchandise from the foreign country with which such treaty has been made shall, during the period provided for, be the duties specified and provided for in such treaty, and none other.

Sec. 5. That whenever any country, dependency, or colony shall pay or bestow, directly or indirectly, any bounty or grant upon the exportation of any article or merchandise from such country, dependency, or colony, and such article or merchandise is dutiable under the provisions of this Act, then upon the importation of any such article or merchandise into the United States, whether the same shall be imported directly from the country of production or otherwise, and whether such article or merchandise is imported in the same condition as when exported from the country of production or has been changed in condition by remanufacture or otherwise, there shall be levied and paid, in all such cases, in addition to the duties otherwise imposed by this Act, an additional duty equal to the net amount of such bounty or grant, however the same be paid or bestowed. The net amount of all such bounties or grants shall be from time to time ascertained, determined, and declared by the ecretary of the Treasury, who shall make all needful regulations for the identification of such articles and merchandise and for the assessment and collection of such additional

Sec. 6. That there shall be levied, collected, and paid on the importation of all raw or unmanufactured articles, not enumerated or provided for in this Act, a duty of ten per centum ad valorem, and on all articles manufactured, in whole or in

part, not provided for in this Act, a duty of twenty per centum ad valorem.

Sec. 7. That each and every imported article, not enumerated in this Act, which is similar, either in material, quality, texture, or the use to which it may be applied, to any article enumerated in this Act as chargeable with duty, shall pay the same rate of duty which is levied on the enumerated article which it most resembles in any of the particulars before mentioned: and if any nonenumerated article equally resembles two or more enumerated articles on which different rates of duty are chargeable, there shall be levied on such nonenumerated article the same rate of duty as is chargeable on the article which it resembles paying the highest rate of duty; and on articles not enumerated, manufactured of two or more materials, the duty shall be assessed at the highest rate at which the same would be chargeable if composed wholly of the component material thereof of chief value; and the words "component material of chief value," wherever used in this Act, shall be held to mean that component material which shall exceed in value any other single component material of the article; and the value of each component material shall be determined by the ascertained value of such material in its condition as found in the article. If two or more rates of duty shall be applicable to any imported article, it shall pay duty at the highest of such rates.

Sec. 8. That all articles of foreign manufacture, such as are usually or ordinarily marked, stamped, branded, or labeled, and all packages containing such or other imported articles, shall, respectively, be plainly marked, stamped, branded, or labeled in legible English words, in a conspicuous place, so as to indicate the country of their origin and the quantity of their contents; and until so marked, stamped, branded, or labeled they shall not be delivered to the importer. Should any article of imported merchandise be marked, stamped, branded, or labeled so as to indicate a quantity, number, or measurement in excess of the quantity, number, or measurement actually contained in such article, no delivery of the same shall be made to the importer until the mark, stamp, brand, or label, as the case may be, shall be changed so as to conform to the facts of the case.

Sec. 9. That section thirty-three hundred and forty-one of the Revised Statutes of the United States be, and hereby is, amended to read as follows:

"Sec. 3341. The Commissioner of Internal Revenue shall cause to be prepared, for the payment of such tax, suitable stamps denoting the amount of tax required to be paid on the hogsheads, barrels, and halves, thirds, quarters, sixths, and eighths of a barrel of such fermented liquors (and shall also cause to be prepared suitable permits for the purpose hereinafter mentioned), and shall furnish the same to the collectors of internal revenue, who shall each be required to keep on hand at all times a sufficient supply of permits and a supply of stamps equal in amount to two months' sales thereof, if there be any brewery or brewery warehouse in his district; and such stamps shall be sold, and permits granted and delivered by such collectors, only to the brewers of their district, respectively.

"Such collectors shall keep an account of the number of permits delivered and of the number and value of the stamps sold by them to each brewer."

Sec. 10. That section thirty-three hundred and ninety-four of the Revised Statutes of the United States, as amended, be, and the same is hereby, further amended, so as to read as follows:

"Upon cigars which shall be manufactured and sold, or removed for consumption or sale, there shall be assessed and collected the following taxes, to be paid by the manufacturer thereof: On cigars of all descriptions made of tobacco, or any substitute therefor, and weighing more than three pounds per thousand, three dollars per thousand; on cigars, made of tobacco, or any substitute therefor, and weighing not more than three pounds per thousand, one dollar per thousand; on cigarettes, made of tobacco, or any substitute therefor, and weighing more than three pounds per thousand, three dollars per thousand; on cigarettes, made of tobacco, or any substitute therefor, and weighing not more than three pounds per thousand, one dollar per thousand: Provided, That all rolls of tobacco, or any substitute therefor, wrapped with tobacco, shall be classed as cigars, and all rolls of tobacco, or any substitute therefor, wrapped in paper or any substance other than tobacco, shall be classed as cigarettes.

"And the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall provide dies and adhesive stamps for cigars weighing not more than three pounds per thousand: Provided, That such stamps shall be in denominations of ten, twenty, fifty, and one hundred, and the laws and regulations governing the packing and removal for sale of cigarettes, and the affixing and cancelling of the stamps on the packages thereof, shall apply to cigars weighing not

more than three pounds per thousand.

"None of the packages of smoking tobacco and fine-cut chewing tobacco and cigarettes prescribed by law shall be permitted to have packed in, or attached to, or connected with, them, any article or thing whatsoever, other than the manufacturers' wrappers and labels, the internal revenue stamp and the tobacco or cigarettes, respectively, put up therein, on which tax is required to be paid under the internal revenue laws; nor shall there be affixed to, or branded, stamped, marked, written, or printed upon said packages, or their contents, any promise or offer of, or any order or certificate for, any gift, prize, premium, payment, or reward.

Sec. 11. That no article of imported merchandise which shall copy or simulate the name or trade-mark of any domestic manufacture or manufacturer, or which shall bear a name or mark. which is calculated to induce the public to believe that the article is manufactured in the United States, shall be admitted to entry at any custom-house of the United States. And in order to aid the officers of the customs in enforcing this prohibition, any domestic manufacturer who has adopted trade-marks may require his name and residence and a description of his trade-marks to be recorded in books which shall be kept for that purpose in the Department of the Treasury, under such regulations as the Secretary of the Treasury shall prescribe, and may furnish to the Department facsimiles of such trade-marks; and thereupon the Secretary of the Treasury shall cause one or more copies of the same to be transmitted to each collector or other proper officer of the customs.

Sec. 12. That all materials of foreign production which may be necessary for the construction of vessels built in the United States for foreign account and ownership, or for the purpose of being employed in the foreign trade, including the trade between the Atlantic and Pacific ports of the United States, and all such materials necessary for the building of their machinery, and all articles necessary for their outfit and equipment, may be imported in bond under such regulations as the Secretary of the Treasury may prescribe; and upon proof that such materials have been used for such purposes no duties shall be paid thereon. But vessels receiving the benefit of this section shall not be allowed to engage in the coastwise trade of the United States more than two months in any one year except upon the payment to the United States of the duties of which a rebate is herein allowed: Provided. That vessels built in the United States for foreign account and ownership shall not be allowed to engage in the coastwise trade of the United States.

Sec. 13. That all articles of foreign production needed for the repair of American vessels engaged in foreign trade, including the trade between the Atlantic and Pacific ports of the United States, may be withdrawn from bonded warehouses free of duty, under such regulations as the Secretary of the Treasury may prescribe.

Sec. 14. That the sixteenth section of an Act entitled "An Act to remove certain burdens on the American merchant marine and encourage the American foreign carrying trade, and for other purposes," approved June twenty-sixth, eighteen hundred and eighty-four, be amended so as to read as follows:

"Sec. 16. That all articles of foreign or domestic production needed and actually withdrawn from bonded warehouses and bonded manufacturing warehouses for supplies (not including equipment) of vessels of the United States engaged in foreign trade, or in trade between the Atlantic and Pacific ports of the United States, may be so withdrawn from said bonded warehouses, free of duty or of internal-revenue tax, as the case may be, under such regulations as the Secretary of the Treasury may prescribe; but no such articles shall be landed at any port of the United States."

Sec. 15. That all articles manufactured in whole or in part of imported materials, or of materials subject to internalrevenue tax, and intended for exportation without being charged with duty, and without having an internal-revenue stamp affixed thereto, shall, under such regulations as the Secretary of the Treasury may prescribe, in order to be so manufactured and exported, be made and manufactured in bonded warehouses similar to those known and designated in Treasury Regulations as bonded warehouses, class six: Provided That the manufacturer of such articles shall first give satistactory bonds for the faithful observance of all the provisions of law and of such regulations as shall be prescribed by the Secretary of the Treasury: Provided, further, That the manufacture of distilled spirits from grain, starch, molasses or sugar, including all dilutions or mixtures of them or either of them, shall not be permitted in such manufacturing warehouses.

Whenever goods manufactured in any bonded warehouses esbblished under the provisions of the preceding paragraph shall be exported directly therefrom or shall be duly laden for transportation and immediate exportation under the supervision of the proper officer who shall be duly designated for that purpose, such goods shall be exempt from duty and from the re-

quirements relating to revenue stamps.

Any materials used in the manufacture of such goods, and any packages, coverings, vessels, brands, and labels used in putting up the same may, under the regulations of the Secretary of the Treasury, be conveyed without the payment of revenue tax or duty into any bonded manufacturing warehouse, and imported goods may, under the aforesaid regulations, be transferred without the exaction of duty from any bonded warehouse into any bonded manufacturing warehouse; but this privilege shall not be held to apply to implements, machinery, or apparatus to be used in the construction or repair of any bonded manufacturing warehouse or for the prosecution of the business carried on therein.

No articles or materials received into such bonded manufacturing warehouse shall be withdrawn or removed therefrom except for direct shipment and exportation or for transportation and immediate exportation in bond under the supervision of the officer duly designated therefor by the collector of the port, who shall certify to such shipment and exportation, or ladening for transportation, as the case may be, describing the articles by their mark or otherwise, the quantity, the date of exportation, and the name of the vessel. All labor performed and services rendered under these provisions shall be under the supervision of a duly designated officer of the customs and at the expense of the manufacturer.

A careful account shall be kept by the collector of all merchandise delivered by him to any bonded manufacturing warehouse, and a sworn monthly return, verified by the customerficers in charge, shall be made by the manufacturers, containing a detailed statement of all imported merchandise used by him

in the manufacture of exported articles.

Before commencing business the proprietor of any manufacturing warehouse shall file with the Secretary of the Treasury a list of all the articles intended to be manufactured in such warehouse, and state the formula of manufacture and the names and quantities of the ingredients to be used therein.

Articles manufactured under these provisions may be withdrawn under such regulations as the Secretary of the Treasury may prescribe for transportation and delivery into any bonded warehouse at an exterior port for the sole purpose of immediate

export therefrom.

The provisions of Revised Statutes thirty-four hundred and thirty-three shall, so far as may be practicable, apply to any bonded manufacturing warehouse established under this Act and to the merchandise conveyed therein.

Sec. 16. That all persons are prohibited from importing into the United States from any foreign country any obscene book, pamphlet, paper, writing, advertisement, circular, print, picture, drawing, or other representation, figure, or image on or of paper or other material, or any cast, instrument, or other article of an immoral nature, or any drug or medicine, or any article whatever for the prevention of conception or for causing unlawful abortion, or any lottery ticket or any advertise-

ment of any lottery. No such articles, whether imported separately or contained in packages with other goods entitled to entry, shall be admitted to entry; and all such articles shall be proceeded against, seized, and forfeited by due course of law. All such prohibited articles and the package in which they are contained in the course of importation shall be detained by the officer of customs, and proceedings taken against the same as hereinafter prescribed, unless it appears to the satisfaction of the collector of customs that the obscene articles contained in the package were inclosed therein without the knowledge or consent of the importer, owner, agent, or consignee: Provided, That the drugs hereinbefore mentioned, when imported in bulk and not put up for any of the purposes hereinbefore specified, are excepted from the operation of this section.

Sec. 17. That whoever, being an officer, agent, or employee of the Government of the United States, shall knowingly aid or abet any person engaged in any violation of any of the provisions of law prohibiting importing, advertising, dealing in, exhibiting, or sending or receiving by mail obscene or indecent publications or representations, or means for preventing conception or procuring abortion, or other articles of indecent or immoral use or tendency, shall be deemed guilty of a misdemeanor, and shall for every offense be punishable by a fine of not more than five thousand dollars, or by imprisonment at hard

labor for not more than ten years, or both.

Sec. 18. That any judge of any district or circuit court of the United States, within the proper district, before whom complaint in writing of any violation of the two preceding sections is made, to the satisfaction of such judge, and founded on knowledge or belief, and if upon belief, setting forth the grounds of such belief, and supported by oath or affirmation of the complainant, may issue, conformably to the Constitution, a warrant directed to the marshal or any deputy marshal in the proper district, directing him to search for, seize, and take possession of any such article or thing mentioned in the two preceding sections, and to make due and immediate return thereof to the end that the same may be condemned and destroyed by proceedings, which shall be conducted in the same manner as other proceedings in the case of municipal seizure, and with the same right of appeal or writ of error.

Sec. 19. That machinery for repair may be imported into the United States without payment of duty, under bond, to be given in double the appraised value thereof, to be withdrawn and exported after said machinery shall have been repaired; and the Secretary of the Treasury is authorized and directed to prescribe such rules and regulations as may be necessary to protect the revenue against fraud and secure the identity and character of all such importations when again withdrawn and exported, restricting and limiting the export and withdrawal to the same port of entry where imported, and also limiting all bonds to a period of time of not more than six

months from the date of the importation.

Sec. 20. That the produce of the forests of the State of Maine upon the Saint John River and its tributaries, owned by American citizens, and sawed or hewed in the Province of New Brunswick by American citizens, the same being otherwise unman afactured in whole or in part, which is now admitted into

the ports of the United States free of duty, shall continue to be so admitted, under such regulations as the Secretary of the Treasury shall from time to time prescribe.

Sec. 21. That the produce of the forests of the State of Maine upon the Saint Croix Piver and its tributaries owned by American citizens, and sawed or hewed in the Province of New Brunswick by American citizens, the same being other wise unmanufactured in whole or in part, shall be admitted into the ports of the United States free of duty, under such regulations as the Secretary of the Treasury shall from time

to time prescribe.

Sec. 22. That a discriminating duty of ten per centum ad valorem, in addition to the duties imposed by law, shall be levied, collected, and paid on all goods, wares, or merchandise which shall be imported in vessels not of the United States, or which being the production or manufacture of any foreign country not contiguous to the United States, shall come into the United States from such contiguous country; but this discriminating duty shall not apply to goods, wares, or merchandise which shall be imported in vessels not of the United States, entitled at the time of such importation by treaty or convention to be entered in the ports of the United States on payment of the same duties as shall then be payable on goods, wares, and merchandise imported in vessels of the United States, nor to such foreign products or manufactures as shall be imported from such contiguous countries in the usual course of strictly retail trade.

Sec. 23. That no goods, wares, or merchandise, unless in cases provided for by treaty, shall be imported into the United States from any foreign port or place, except in vessels of the United States, or in such foreign vessels as truly and wholly belong to the citizens or subjects of that country of which the goods are the growth, production, or manufacture, or from which such goods, wares, or merchandise can only be, or most usually are, first shipped for transportation. All goods, wares, or merchandise imported contrary to this section, and the vessel wherein the same shall be imported, together with her cargo, tackle. apparel, and furniture, shall be forfeited to the United States; and such goods, wares, or merchandise, ship, or vessel, and cargo shall be liable to be seized, prosecuted, and condemned in like manner, and under the same regulations, restrictions, and provisions as have been heretofore established for the recovery, collection, distribution, and remission of forfeitures to the United States by the several revenue laws.

Sec. 24. 'That the preceding section shall not apply to vessels or goods, wares, or merchandise imported in vessels of a foreign nation which does not maintain a similar regulation against vessels of the United States.

Sec. 25. That the importation of neat cattle and the hides of neat cattle from any foreign country into the United States is prohibited: Provided, That the operation of this section shall be suspended as to any foreign country or countries, or any parts of such country or countries, whenever the Secretary of the Treasury shall officially determine, and give public notice thereof that such importation will not tend to the introduction or spread of contagious or infectious diseases among the cattle of the United States; and the Secretary of the Treasury is hereby authorized and empowered, and it shall be his duty, to

make all necessary orders and regulations to carry this section into effect, or to suspend the same as herein provided, and to send copies thereof to the proper officers in the United States, and to such officers or agents of the United States in foreign countries as he shall judge necessary.

Sec. 26. That any person convicted of a willful violation of any of the provisions of the preceding section shall be fined not exceeding five hundred dollars, or imprisoned not exceeding one

year, or both, in the discretion of the court.

Sec. 27. That upon the reimportation of articles once exported, of the growth, product, or manufacture of the United States, upon which no internal tax has been assessed or paid, or upon which such tax has been paid and refunded by allowance or drawback, there shall be levied, collected, and paid a duty equal to the tax imposed by the internal-revenue laws upon such articles, except articles manufactured in bonded warehouses and exported pursuant to law, which shall be subject to the same rate of duty as if originally imported.

Sec. 28. That whenever any vessel laden with merchandise, in whole or in part subject to duty, has been sunk in any river, harbor, bay, or waters subject to the jurisdiction of the United States, and within its limits, for the period of two years, and is abandoned by the owner thereof, and person who may raise such vessel shall be permitted to bring any merchandise recovered therefrom into the port neares, to the place where such vessel was so raised free from the payment of any duty thereupon, but under such regulations as the Secretary of the

Treasury may prescribe.

Sec. 29. That the works of manufacturers engaged in smelting or refining metals, or both smelting and refining, in the United States may be designated as bonded warehouses under such regulations as the Secretary of the Treasury may prescribe: Provided. That such manufacturers shall first give satisfactory bonds to the Secretary of the Treasury. Ores or metals in any crude form requiring smelting or refining to make them readily available in the arts, imported into the United States to be smelted or refined and intended to be exported in a refined but unmanufactured state, shall, under such rules as the Secretary of the Treasury may prescribe, and under the direction of the proper officer, be removed in original packages or in bulk from the vessel or other vehicle on which they have been imported, or from the bonded warehouse in which the same may be, into the bonded warehouse in which such smelting or refining, or both, may be carried on, for the purpose of being smelted or refined, or both, without payment of duties thereon, and may there be smelted or refined, together with other metals of home or foreign production: Provided, That each day a quantity of refined metal equal to ninety per centum of the amount of imported metal smelted or refined that day shall be set aside, and such metal so get aside shall not be taken from said works except for transportation to another bonded warehouse or for exportation, under the direction of the proper officer having charge thereof as aforesaid, whose certificate describing the articles by their marks or otherwise, the quantity, the date of importation, and the name of vessel or other vehicle by which it was imported, with such additional

particulars as may from time to time be required, shall be received by the collector of customs as sufficient evidence of the exportation of the metal, or it may be removed under such regulations as the Secretary of the Treasury may prescribe, upon entry and payment of duties, for domestic consumption, and the exportation of the ninety per centum of metals hereinbefore provided for shall entitle the ores and metals imported under the provisions of this section to admission without payment of the duties thereon: Provided further, That in respect to lead ores imported under the provisions of this section the refined metal set aside shall either be re-exported or the regular duties paid thereon within six months from the date of the receipt of the ore. All labor performed and services rendered under these regulations shall be under the supervision of an oticer of the customs, to be appointed by the Secretary of the Treasury, and at the expense of the manufacturer.

Sec. 39. That where imported materials on which duties have been paid are used in the manufacture of articles manufactured or produced in the United States, there shall be allowed on the exportation of such articles a drawback equal in amount to the duties paid on the materials used, less one per centum of such duties: Provided, That when the articles exported are made in part from domestic materials the imported materials. or the parts of the articles made from such materials, shall so appear in the completed articles that the quantity or measure thereof may be ascertained: And provided further, That the drawback on any article allowed under existing law shall be continued at the rate herein provided. That the imported materials used in the manufacture or production of articles entitled to drawbacks of customs duties when exported shall, in all cases where drawback of duties paid on such materials is claimed, be identified, the quantity of such materials used and the amount of duties paid thereon shall be ascertained, the facts of the manufacture or production of such articles in the United States and their exportation therefrom shall be determined, and the drawback due thereon shall be paid to the manufacturer, producer, or exporter, to the agent of either or to the person to whom such manufacturer, producer, exporter, or agent shall in writing order such drawback paid, under such regulations as the Secretary of the Treasury shall prescribe.

Sec. 31. That all goods, wares, articles and merchandise manufactured wholly or in part in any foreign country by convict labor shall not be entitled to entry at any of the ports of the United States, and the importation thereof is hereby prohibited, and the Secretary of the Treasury is authorized and directed to prescribe such regulations as may be necessary for the enforcement of this provision.

Sec. 32. That sections seven and eleven of the Act entitled "An Act to simplify the laws in relation to the collection of the revenues," approved June tenth, eighteen hundred and ninety, be, and the same are hereby, amended so as to read as follows:

Sec. 7. That the owner, consignee, or agent of any imported merchandise which has been actually purchased may, at the time when he shall make and verify his written entry of such merchandise, but not afterwards, make such addition in the

entry to the cost or value given in the invoice or pro forma invoice or statement in form of an invoice, which he shall produce with his entry, as in his opinion may raise the same to the actual market value or wholesale price of such merchandise at the time of exportation to the United States, in the principal markets of the country from which the same has been imported: but no such addition shall be made upon entry to the invoice value of any imported merchandise obtained otherwise than by actual purchase; and the collector within whose district any merchandise may be imported or entered, whether the same has been actually purchased or procured otherwise than by purchase, shall cause the actual market value or wholesale price of such merchandise to be appraised; and if the appraised value of any article of imported merchandise subject to an ad valorem duty or to a duty based upon or regulated in any manner by the value thereof shall exceed the value declared in the entry, there shall be levied, collected, and paid, in addition to the duties imposed by law on such merchandise, an additional duty of one per centum of the total appraised value thereof for each one per centum that such appraised value exceeds the value declared in the entry, but the additional duties shall only apply to the particular article or articles in each invoice that are so undervalued, and shall be limited to fifty per centum of the appraised value of such article or articles. Such additional duties shall not be construed to be penal, and shall not be remitted, nor payment thereof in any way avoided, except in cases arising from a manifest clerical error, nor shall they be refunded in case of exportat n of the merchandise, or on any other account, nor shall they be subject to the benefit of drawback: Provided, That if the appraised value of any merchandise shall exceed the value declared in the entry by more than fifty per centum, except when arising from a manifest clerical error, such entry shall be held to be presumptively fraudulent, and the collector of customs shall seize such merchandise and proceed as in case of forfeiture for violation of the customs laws, and in any legal proceeding that may result from such seizure, the undervaluation as shown by the appraisal shall be presumptive evidence of fraud, and the burden of proof shall be on the claimant to rebut the same and forfeiture shall be adjudged unless he shall rebut such presumption of fraudulent intent by sufficient evidence. The forfeiture provided for in this section shall apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles in each invoice which are undervalued: provided further, That all additional duties, penalties or forfeitures applicable to merchandise entered by a duly certified invoice, shall be alike applicable to merchandise entered by a proforma invoice or statement in the form of an invoice, and no forfeiture or disability of any kind, incurred under the provisions of this section shall be remitted or mitigated by the Secretary of the Treasury. The duty shall not, however, be assessed in any case upon an amount less than the invoice or entered value.

Sec. 11. That, when the actual market value as defined by law, of any article of imported merchandise, wholly or partly manufactured and subject to an ad valorem duty, or to a duty

based in whole or in part on value, cannot e otherwise ascertained to the satisfaction of the appraising officer, such officer chall use all available means in his power to ascertain the cost of production of such merchandise at the time of exportation to the United States, and at the place of manufacture; such cost of production to include the cost of materials and of fabrication, all general expenses covering each and every outlay of whatsoever nature incident to such production, together with the expense of preparing and putting up such merchandise ready for shipment, and an addition of not less than eight nor more than fifty per centum upon the total cost as thus ascertained; and in no case shall such merchandise be appraised upon original appraisal or reappraisement at less than the total cost of production as thus ascertained. It shall be lawful for appraising officers, in determining the duitable value of such merchandise, to take into consideration the wholesale price at which such or similar merchandise is sold or offered for sale in the United States, due allowance being made for estimated duties thereon, the cost of transportation, insurance, and other necessary expenses from the place of shipment to the United States, and a reasonable commission, if any has been paid, not exceeding six per centum.

Sec. 33. That on and after the day when this Act shall go into effect all goods, wares, and merchandise previously imported, for which no entry has been made, and all goods, wares, and merchandise previously entered without payment of duty and under bond for warehousing, transportation, or any other purpose, for which no permit of delivery to the importer or his agent has been issued, shall be subjected to the duties imposed by this Act and to no other duty, upon the entry or the withdrawal thereof: *Provided*, That when duties are based upon the weight of merchandise deposited in any public or private bonded warehouse, said duties shall be levied and collected upon the weight of such merchandise at the time of its entry.

Sec. 34. That sections one to twenty-four, both inclusive, of an Act entitled "An Act to reduce taxation, to provide revenue for the Government, and for other purposes," which became a law on the twenty-eighth day of August, eighteen hundred and ninety-four, and all acts and parts of acts inconsistent with the provisions of this Act are hereby repealed, said repeal to take effect on and after the passage of this Act, but the repeal of existing laws or modifications thereof embraced in this Act shall not affect any act done, or any right accruing or accrued, or any suit or proceeding had or commenced in any civil cause before the said repeal or modifications; but all rights and liabilities under said laws shall continue and may be enforced in the same manner as if said repeal or modifications had not been made. Any offenses committed and all penalties or forfeitures or liabilities incurred prior to the passage of this Act under any statute embraced in or changed, modified, or repealed by this Act may be prosecuted or punished in the same manner and with the same effect as if this Act had not been passed. All Acts of limitation, whether applicable to civil causes and proceedings or to the prosecution of offenses or for the recovery of penalties or forfeitures embraced in or modified, changed, or repealed by this Act shall not be affected thereby; and all suits, proceedings, or prosecutions, whether civil or criminal, for causes arising or acts done or committed prior to the passage of this Act may be commenced and prosecuted within the same time and with the same effect as if this Act had not been passed: And provided further, That nothing in this Act shall be construed to repeal the provisions of section three thousand and fifty-eight of the Revised Statutes as amended by the Act approved February twenty-third, eighteen hundred and eighty-seven, in respect to the abandonment of merchandise to underwriters or the salvors of property, and the ascertainment of duties thereon: And provided further, That nothing in this Act shall be construed to repeal or in any manner affect the sections numbered seventy-three, seventy-four, seventy-five, seventy-six and seventy-seven of an Act entitled "An Act to reduce taxation, to provide revenue for the Government, and for other purposes," which became a law on the twenty-eighth day of August, eighteen hundred and ninety-four.

Approved July 24, 1897.
